RSVP to kmmrgroup@gmail.com

“The Constitutional Rights of Parents and Citizens over their local Schools/Government” Brian Shelly. Brian does presentations on the PA Constitution, the Federalist Papers, the U.S. Constitution, and the Need of the Electoral College for PA State Representative Wendy Fink at her district office. He published a book on using critical thinking to interpret the Bible called: “Have You Lost Your Mind?” He had articles published in the “Journal of Higher Education.” He leads two weekly Bible studies.

How to Effectively Engage with Schools and Your Communities

Raeann Hofkin

Raeann Hofkin is a former Pennsylvania school board director who served her community for 12 years. She holds a Bachelor of Science in Accounting and is a Certified Payroll Professional (CPP). Drawing on both her professional expertise and her experience as an elected school board member, Raeann is passionate about helping parents, taxpayers, and community leaders understand how local school boards operate and how ordinary citizens can make a meaningful impact in their communities.

Dave is an accomplished businessman and National Leadership Award recipient.

Pennsylvania’s Community & Economic Development recognized Dave for his ability and commitment to growing the State’s economy. His school board accomplishments include leading the charge in his 2017–2021 term to implement lawful transparency. Through the avid application of the Right-to-Know Law and taking enforcement actions against school directors who failed to comply with the director’s oath of office, he held the government accountable. He relentlessly took the government to task by filing *pro se* complaints at the County Courts. This sparked an accelerated Auditor General’s 2020 Performance

Audit with the subsequent report affirming the board’s noncompliance with PA School Codes. Several directors resigned.
