About Us

We here at the Park Café appreciate your business and hope that you are finding all the fun and adventure to be found here in Glacier National Park. We are a family owned and operated business and it has been that way since Ed and Helen Hilton (my grandma and grandpa) founded the business in 1952. I love this business and I hope you feel the same way, we are always striving to bring our customers the best possible experience during their time with us. Working here we get to meet new and interesting people from all over the world and it makes for great memories and good times for our staff (or what we like to call our seasonal family) as well as for us. We love to hear your feedback so that we can continue to improve our business with each passing season. Thank you for visiting us, we hope we see you again so that you might experience The Power of Pie.
