PRESENTS

THE WINNERS' READING PRESENTATION SERIES

***"If Only Yesterday"* by Eric Richardson-Hagan**

As Alzheimer's erases his present, Charles Horton clings to the past—reliving a life filled with friendship, love, and hard-earned joy. But as his estranged daughter returns to his bedside, one question lingers: can love be reclaimed before it's too late? Through memory, humor, and regret, *If Only Yesterday* becomes a moving story about what we remember, what we lose, and what still has the power to heal.

DIRECTED BY MICHAEL ANTHONY GREEN

MONDAY, MAY 4, 2026
