## Meet our provider DR. DAVID STODDARD OF SPOKANE EAR NOSE AND THROAT

Dr David Stoddard is a fellowship-trained rhinologist with expertise in complex sinus and anterior skull base surgery. Born n in Utah, he earned his Bachelor of Science from Barrett, the Honors College at Arizona State University in 2005 and was inducted into the Phi Beta Kappa honor society. He then obtained his Doctor of Medicine from the University of Rochester School of Medicine and Dentistry in New York before Completing his residency at the Mayo Clinic in Rochester, MN.

He pursued those interests in two fellowships in Auckland, New Zealand, learning state of the art approaches for minimally invasive trans-nasal surgery. He also has been able to participate in international research opportunities, authoring chapters in several Otolaryngology textbooks and journals and presenting that research at professional meetings.

While at the Mayo Clinic DR STODDARD developed skills in managing the breadth of otolaryngological complaints while developing a special interest in diseases of the paranasal sinuses and skull base.

### ***Rx... The Prescription For Happiness***

*Dr. Stoddard enjoys traveling with his wife and four children. His other hobbies include spending time outdoors boating, fishing and camping, as well as watching movies from the 70s and attending concerts with friends*

## FALL TRIVIA QUESTION

What year did Starbucks first introduce their Pumpkin Spice Latte?

Submit your answer by **Nov 15th** on our website for an entry in the drawing for a Fall Planter.

<https://principleresearchsolutions.com>

**\*\*Answer to the Summer trivia question was ATHENS. Congratulations to GJD, winner of the Safe-in-the-Sun basket.**

## GETTING THE MOST FROM OUR RESEARCH

Our Study Subjects get so much from their participation in the clinical research process. While each study offers different benefits to each person, one thing that is consistent is the attention they receive from the Principal Investigators of the Clinical Trials and the great treatment they receive from the PRS Clinical Coordinators.

Several people have recently shared their testimonials with us and asked that we share them with others. A HUGE Thank You to all who took the time to share your thoughts with us!

Mary Wilber is an amazing nurse and is always available when things come up. I don't think I'd be this comfortable in the trials if not for her. She's absolutely amazing... don't lose that woman!!

*Patient Testimonial*

Everything has always been great, wouldn't change a thing!

*Patient Testimonial*

# Enrolling Studies

Atopic Dermatitis  
Atopic Dermatitis (Pediatrics)  
Alopecia Areata  
CoVid-19 Positive  
Crohns Disease  
Hereditary Angioedema  
Hidradenitis Suppurativa

Nasal Polyps Adolescent  
Notalgia Paresthetica  
Plaque Psoriasis Pediatric  
Prurigo Nodularis  
Respiratory Syncytial Virus  
Vitiligo
