

# FreePlay™: Join Us in Revolutionizing Console Gaming - Exclusive Investment Opportunity

## Introduction:

Knights of the Round LLC invites you to be part of an exciting opportunity to revolutionize the console gaming experience with FreePlay™, our innovative wireless gaming accessory. Designed to liberate gamers from the constraints of traditional setups, FreePlay™ offers unmatched freedom, flexibility, and immersive gameplay. As we approach the close of our Friends and Family investment round, a limited opportunity remains to join us in this groundbreaking venture.

## Why Invest in FreePlay™?

- **Innovative Product:** FreePlay™ stands out in the market with its unique features, such as wireless screen communication and "no internet required" functionality. These innovations address significant challenges faced by gamers, providing an enhanced and uninterrupted gaming experience from any location within the system's range.
- **Strategic Market Position:** With the global gaming accessories market expected to reach \$65 billion by 2032, FreePlay™ is strategically positioned to capitalize on this growth. Our product's universal compatibility with all major consoles, including Xbox, PlayStation, and Nintendo Switch, opens up vast market opportunities.
- **Proven Efficiency and Progress:** FreePlay™ has demonstrated significant progress with a lean development process, achieving advanced prototyping and establishing key strategic partnerships. Our development, completed with less than \$100,000 in funding, reflects our commitment to resource efficiency and strong market readiness.

## Current Status and Strategic Milestones:

- **Prototyping and Development:** We are in the final stages of prototyping, with essential features tested and validated. Our current focus is refining the product design to ensure optimal performance as we prepare for market entry.
- **Strategic Partnerships:** We have forged a partnership with a leading hardware/microchip manufacturer, setting the stage for scalable production and enhancing our product development capabilities. This collaboration ensures FreePlay™ meets and exceeds market expectations.
- **Next Steps:** With the close of our Friends and Family round, our immediate priorities include securing patent protection, conducting private demonstrations for key stakeholders, and launching a targeted marketing campaign to generate pre-launch excitement.

## Investment Opportunity: Limited Remaining Slots

- **Final Investment Opportunity:** We are offering the remaining \$20,000 investment opportunity in \$5,000 increments, with each increment providing equity calculated based on a discounted \$1

million valuation. This flexible structure allows for accessible entry into a high-growth venture as we finalize our Friends and Family round.

- **Potential Returns:** FreePlay™ aims to capture a 2% market share in the console gaming accessory segment in its first year, projecting approximately \$4.6 million in revenue. With a gross profit margin of 40%, investors have the potential for significant returns in a rapidly expanding market.

### **Next Steps: Personal Conversation with the Founder**

We value the opportunity to discuss this unique investment in more detail. After reviewing this document, we invite you to have a personal conversation with me, the founder, to answer any questions about the investment process and to address any additional inquiries you may have. This discussion will provide a deeper understanding of our vision, strategy, and how we plan to achieve our goals together.

### **Contact Us to Schedule Your Conversation:**

To learn more about this investment opportunity or to schedule your conversation, please reach out directly. We look forward to exploring how we can work together to shape the future of gaming.
