The 20th Annual Herd Builder Braunvieh Female Sale

**NEW DATE
&
LOCATION**

**Saturday, October 29, 2022 • 1 p.m.
3 Cedars Event Center
Nevada, Missouri**

THE 20th ANNUAL HERD BUILDER BRAUNVIEH FEMALE SALE

To our Cattlemen Friends and Braunvieh Enthusiasts,

Each year the Braunvieh breed gains more exposure in the cattle industry. And this year the breed has made strides to improve our genetic evaluations, our breed records and customer service while maintaining the innate functionality of Braunvieh.

Braunvieh has much to offer the cattleman like mothering ability, carcass quality, good temperament, and sound structure. If you already have Braunvieh cattle, we think you'll be pleased with the quality offered in this sale. If you're studying the breed and how it could fit in your operation, come to the sale, evaluate the cattle, and make your decision about what the breed can do for you.

The quality of the cattle in this sale will certainly make it worth your time to examine them online or in person, and then put your bids in on sale day.

- Cattle will be displayed in outdoor pens prior to the sale.
- Cattle will be on display starting Friday afternoon. This will be a good time to get in the pens and evaluate the offering before the sale day crowd arrives.
- You can bid online through Pfeifer Brothers Auction.
- You can join our conference call to bid over the phone.
- Contact any of the consignors for assistance with buying.

The founders of the Herd Builder sale set a quality standard to bring you superior Braunvieh females. When building a cow herd, few traits are more important than efficiency, fertility, and mothering ability. The Braunvieh momma cow excels at each of these traits, and you will find excellent examples in this offering.

Join us Oct. 29th for a complimentary pre-sale lunch prior to the auction. We look forward to sharing a conversation about our cattle with you.

Thank You,
The Braunvieh Herd Builder Consignors

If you would like to eat at Gobbler's Roost restaurant (at the sale site) Saturday evening after the sale, call now (417) 448-4853 for a reservation as they will sell out early. See their website www.gobblersroostrest.com for the menu.

Videos & Supplement Information

Look for videos on a sampling of the sale cattle plus sale order and supplement information at: www.brinkbraunvieh.com

NEW DATE
Saturday,
Oct. 29, 2022
1 p.m.

NEW LOCATION
3 Cedars Event Center
Nevada, Missouri

The facility is located approx. 10 miles south-east of Nevada MO. Please visit their website for more detailed directions

<https://www.gobblersroostrest.com/>

GPS address for the sale:
24327 E. Old Town Road
Nevada, MO 64772

There are Braunvieh bulls at the Green Springs Bull Test down the road from the Event Center. We invite you visit the facility to view and evaluate these bulls.

The cattle will be on display at the sale facility Friday, October 28th. Come early, look through the cattle and enjoy a visit with us about our programs.

The sale will have a casual dinner Friday evening at 6:30 p.m. at the Event Center. All attendees are welcome to join us.

Braunvieh EPDs: The BAA transitioned to IGS EPDs a year ago. With over 19 million animals of multiple breeds, this is a stronger genetic evaluation than any one breed could do alone. By switching to the multi-breed genetic evaluation with IGS, the baseline for BAA EPDs shifted to coincide with the other cattle in the database. To better understand the baseline, we have included percentile rank on animal's EPDs.

EPDs in this catalog were current Sept. 29, but with weekly calculations, may adjust by sale day. View current EPDs in the BAA database: braunvieh.digitalbeef.com

Sale Day Phone

(785) 766-8713

Online Bidding Details

Pfeifer Brothers Auctioneers will be providing online bidding access. Go to: www.pfeiferbrothersauction.com and click on "Upcoming Auctions". Click on "Get Approved to Bid" and follow instructions. The sale lots will be posted to that site prior to sale. If you have questions, call Jason Pfeifer (785) 483-1805.

Sale Day Conference Line for Bidding

We encourage everyone possible to use the Online Bidding Service. However, if you don't have adequate internet service for bidding you may call the conference call line to listen to the auction and place bids. **Please call Marilyn at (785) 766-8713 at least 1 hour prior to the sale** to register to bid and obtain the conference call phone number, access code, and a buyer number. The conference call line will open 10 minutes prior to the sale start and remain open during the entire sale, as long as there are bidders on the call.

Sale Accommodations

Country Inn & Suites by Radisson (417) 667-9292
 Holiday Inn Express & Suites (417) 283-6177
 Americas Best Value Inn & Suites..... (417) 667-6777

Sale Staff

Jesse Bolin, auctioneer..... (417) 830-2835

Terms & Conditions

Terms of the sale are cash or check (payable to Herd Builder Sale) with proper I.D., and settlement must be made sale day and/or before anything is loaded or leaves the sale

facility. Every lot will be sold to the highest bidder, with the auctioneer settling any bidding disputes. Announced changes in catalog information sale day will take precedence over printed material in the catalog.

Registrations and Transfers

A certificate of registry and transfer will be furnished for each animal at no cost to the buyer within 45 days after settlement of animals purchased.

Delivery

We will assist buyers in arranging shipment.

Health

All cattle will have proper health certificates for shipment. If your state requires TB tests, please contact individual consignors prior to the sale regarding testing.

Insurance

All animals become the property of the purchaser and will be at purchaser's risk at the time of sale. Insurance will be available should buyers wish to purchase it.

Liability

All persons attending this sale and related functions do so at their own risk. The sale consignors and 3 Cedar Event Center assume no liability, legal or otherwise, for any accidents or illness that may occur.

Air Transportation

Major airlines have regular service into Kansas City, Mo.

Absentee Bids

If you wish to make purchases but are unable to attend this sale, please contact one of the consignors.

Herd Builder Genetic Defect Guarantee

The cattle in this sale are guaranteed to be free of known Genetic Defects as outlined in the Braunvieh Association of America Rules and Regulations. If an animal sold in this sale is found to have a genetic defect, it will be the responsibility of the seller of that animal to satisfy the buyer with a refund or replacement. Buyer must contact seller within 12 months from the sale date to implement the guarantee.

- Open Yearling right out of our replacement pen. One of the last chances to get females like this out of our SFF Flagstaff sire as he got hurt last year. We have kept every heifer out of her dam, SFF 233, since we brought her home, because she stamps every calf like SFF 151J. They are the type of females to build a herd.

SFF MR. AMMO 123J Service Sire of Lot 16

- We bought this heifer's sire, Polarsteel, from Mark Nelson as an outcross to everything in our herd. He stamps quality on his calves and they have been sought after for the show ring and breeding herd. You will enjoy seeing this heifer in your pasture.
- Safe in calf for a spring calf to homozygous polled bull BLC EZ Sleep 811G (PB96882), pasture exposed 5/11/2022 to 7/12/2022.

- Season after season, Wizard of Oz populated our herd with high functioning females like this cow selling. We have her 2 year old daughter in our herd. Avery Kimble purchased 012E's yearling Polarsteel daughter who was named Grand Champion at the 2022 Cattlemen's Congress in Oklahoma City. Dorothy's granddam, Katarina, was our "Granny" cow that raised her last natural calf at 23 years old. This family is designed for function and longevity.
- Safe in calf for a spring calf to homozygous polled BLC EZ Sleep 811G (PB96882), pasture exposed 5/23/2022 to 7/12/2022.

This great producing daughter of MHF Pure Country has done a fantastic job at our place. She's one that anyone that goes through our herd notices her mostly by her beautiful udder, body condition, and that moderate frame. Pure Country was born to make females, and her dam stems from some the best cows I've owned. Time for someone else to take her home and have a BLC Warlock 470D calf next spring.

- Pasture exposed to BLC Warlock 470D (PB90070) 6/18/2022 to 8/20/2022. She's confirmed pregnant for a spring calf to BLC Warlock 470D. Warlock is in the top 1% CED, 3% BW, 40% Weaning, and 35% Yrlg. With an API at 144.54. Hard to beat that.

Here's one of my top bred heifers. She's great in all ways. Her bottom side has 2 of my favorite cow producing sires. Her sire is one of the deepest bodied, easy keeping, heavy muscled Angus bulls I've ever AI'd to. She's pretty, super quiet disposition and look at her EPDs, and API / TI indexes. Really hard to find numbers like that in one animal.

- She was AI bred to BLC Warlock 470D on June 3rd, then cleaned up with a LBW Angus bull. Safe in calf.

Talk about one that's hard to let go!! This 3/4 blood 2 year that's bred to BLC Warlock 470D for a spring calf is exactly what I've been working on. You can look far and wide to find a pedigree that's stacked up like this, and a Warlock baby to go along with it. Her dam is a favorite of mine in all ways and sired by one of my all time best bulls. Was told a long time ago by Harlan Sr. that sometimes you have to sell your best. Well Harlan, here goes.

- Pasture exposed to BLC Warlock 470D (PB90070) 6/18/2022 to 8/20/2022. Confirmed safe for a spring calf.

- A heifer out of the last natural service group of calves from DRR Wizard of Oz U570. Developed solely on forages with only a little creep as a calf and at weaning. She is coming off native grass pasture which is where she amazed us with her growth this summer. We decided to let our heifers grow a little more before breeding them and are now offering this one for sale.
- She has never been exposed and sells open, ready to AI or put with a bull of your choice.

- Hollee is from several generations of a long standing line of commercial cows in the herd which never fail to produce. She is a good milker with a beautiful udder. Easy to work with, she let us process her calf at birth with no problems. The homework is already complete on this first calf heifer with a calf at side and ready to be bred back to the bull of your choice.
- **Lot 40A** – Certified Beef Builder bull calf (69%), calved 9/16/2022, sired by BLC Onward Ladd 229G (PB97390), a PJDC Teddy Bear son. Unassisted/unobserved birth with calving ease bred in on the bull side over 2 generations. Potential heifer bull prospect. Registration number for the calf is BC105136.

- A very high percentage brindle Purebred open heifer sired by Sgt Preston, a Fullblood bull we used for many seasons. Sgt Preston is the cornerstone bull of our Fullblood program and has made a great impact on our Purebred and Beefbuilder operation as well. J617 was developed mainly on forages and only crept for a short time as a calf and during the weaning process.
- This fall heifer is ready to go into a breeding program.

- Pasture exposed to Angus bull CCA Growth Fund H10 (AAA20165086). Preg checked 9/17/2022 and was called 3-4 months bred.

Braunvieh Performance Info & EPDs

CED EPD - Predicts the ease the progeny of the individual will be born. Higher positive number indicates easier calving.

BW, WW & YW EPD - A higher number indicates heavier weights in each category.

MILK EPD - The part of weaning weight that is due to the dam's milking ability. Higher number indicates a heavier milking dam.

TM EPD - Reflects growth to weaning age plus milk to weaning time. Calculated by adding $\frac{1}{2}$ of WW + MM = M&G.

CEM EPD - Indicates the ability of a sire's or dam's daughters to have a calf at two years of age. Higher positive numbers indicate easier calving for the daughter of the individual.

API Index - The All Purpose Index evaluates sires for use on the entire cow herd with a portion of heifers retained for replacements and the remaining heifers and steers put on feed. The API uses traits such as Stayability, Calf Survival, Cowherd Intake, Heifer Pregnancy %, Marbling, Carcass Weight, Feedlot Intake, Weaning Weight, Yield Grade, Salvage Value, and Milk to provide a balanced Index \$ Value. Higher numbers desirable.

Birth wt. - Actual birth weights are given.

Weaning wt. - 205-day adjusted weaning weights and ratios are given if available.

Breed Average EPDs for Non-Parent Braunvieh (young cattle)
