The Republic of Texas
One Nation Under God
Introductory Course

WELCOME!

We would like to call you “fellow Texian”!

<http://www.thetexasrepublic.com>

WHO ARE WE?
WE ARE TEXIANS.

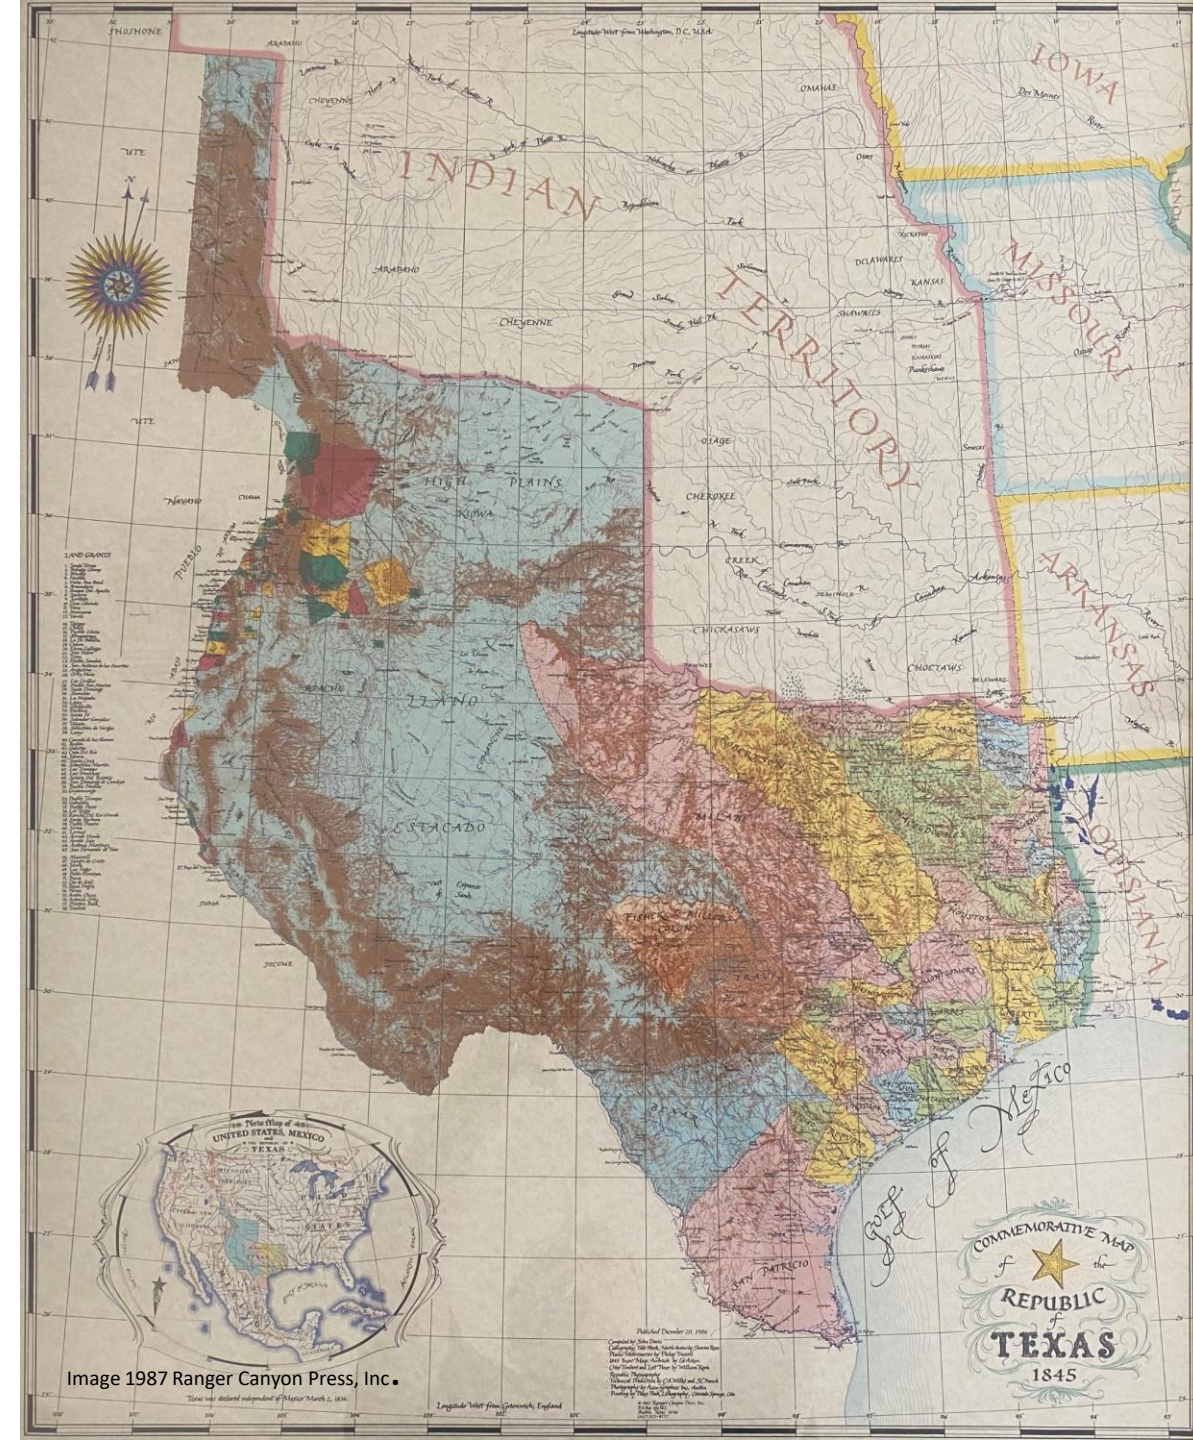

We are a people as defined in International Law.
We have a distinct culture, language, history, Christian values,
territory, government, etc.

We are not just Texans, we are THE TEXIAN PEOPLE.
This is our Republic of Texas Flag.

WHAT ARE OUR IDEALS?

- The ideals of the government of the republic of Texas include: Peace with all nations and peoples – entangling alliances with none.
- We believe in the vigorous defense of our nation and its boundaries, its people, and our constitution and laws, against all enemies, external and internal. This necessitates immediate repudiation and eviction of socialism, communism, “progressives” and socialists who have tended to call themselves, “democracy” advocates, and any kind of “totalitarian” government, dictatorship, or other system contrary to a constitutional republic.
- As a constitutional republic, all power (political, economic, military, etc.) is held by the people of this republic, who live on the land of Texas and are called Texians. The people can delegate limited authority to officers they elect, but the people can also remove an officer by election or a recall vote (see Declaration of Rights).
- We seek to establish peace and justice. Texas is a constitutional republic, not a democracy nor a theocracy nor an oligarchy.
- There is no need for the republic of Texas to secede from the United States. We never “ceded” the land of Texas to them or to anyone else. A fraudulent color-of-law annexation agreement was foisted on elected officials in Texas, but no lawful treaty was ever ratified to allow the United States corporation to take over our nation, which had already been established forever by international treaties. Those elected officials in Texas were never authorized to give up the sovereignty of the republic of Texas.
- Totalitarianism: “A totalitarian government seeks to control not only all economic and political matters, but the attitudes, values and beliefs of its population. Texians seek freedom, justice, peace, and justice for all.”

LAWFUL CURRENCY

- The money of the Republic of Texas must, by constitutional mandate, be made of a precious metal with its own intrinsic value. Thus, paper currency circulating as a substitute for said precious metal money is not allowed in this nation.
- Gold, Silver, and Copper coins can be purchased at the republic of Texas sessions or website.
- The republic of Texas mints our own coins, and they cannot be confiscated by the United States Inc.

A Texian National, will not be a Citizen of the State of Texas, a United States Citizen or an American Citizen. Texian Nationals will not be a subject of any other government.
- **Medicine:** As a Texian National, you will be free to pursue any remedy available to cure your body. No natural remedy will be prohibited, or vaccine mandated.

- For a complete list of benefits visit our website or ask one of our State Representatives.

Texians, let's get educated and become free of Corporate chains.

Do you know these facts?

- You should be a free American, not an enslaved “US Citizen”. The definition of a “US Citizen” means slave. An American is a free man or woman. A Citizen is a LEGAL FICTION.
- As a born American, you are a legal person until your birth certificate is bonded and traded on the New York Stock Exchange. Your birth certificate is an unlawful conversion that took away your identity as an **American State National**.
- Through your birth certificate, you become a ward of the state until you turn 18 but considered a minor until you correct your status. This is the reason CPS can remove your children from your home.
- You have no Constitutional Rights as a US Citizen. THE UNITED STATES was incorporated in 1871, thus US Citizens are not under the first Constitution. You have slave privileges according to Washington DC but not RIGHTS.
- Registered privileges, such as Automobiles and Property, are an ad-valorem tax which is unlawful conversion of private to commercial property for purposes of fraud.
- Banks loan people money which comes from your personal Minor Trust, which is all prepaid credit, and then you pay it back plus interest. This, even though the loan was paid in full at the time of signing your loan documents.
- Dying in a war as a US Citizen, means THE UNITED STATES INC. cashes in on your bond.
- **BECOMING A FREE TEXIAN NATIONAL THROUGH EDUCATION IS OUR GOAL.**

A bit of History from www.americas-assembly.com

- In 1871, the “United States of America was incorporated, which voided the constitutional rights of “We The People.”
- Since then, there were no lawful laws passed, only corporate bylaws, statues, codes, rules and procedures.
- Since 1871, the United States President and the United States Congress have been playing politics under different rules and policies. The American people were not informed there were two Constitutions in the United States. The first was written by leaders of the independent states of the United States in 1776. On July 4, 1776, the people claimed their independence from Britain, and a Republic was born. For 95 years, the United States people were free and independent under the Constitution for the united States of America.
- However, freedom ended when it was changed in 1871 to “The Constitution of the United States of America”.
- You were born an American State National. You were unlawfully converted to a United States citizen. You have remedy and right to correct your status and be an American State National.
- The Status of being an American State National frees you from being considered a slave and a dead entity of the Corporation.
- No more mandates, imposed taxes, or medical tyranny.
