No more fees for online donations!

Support Hey Radio—100% Fee-Free! We have some exciting news for our Hey Radio family! As we continue to grow and expand our Christ centered broadcasts on the air, we are always looking for better ways to steward the resources you give us. We've officially switched to **Zeffy** for our online donations!

Why Zeffy? Unlike other platforms that take a bite out of every dollar you give, Zeffy charges us zero processing fees. That means when you give to support Christian public radio, 100% of your gift goes directly toward keeping our transmitter running and reaching at-risk youth with a message of hope.

⚠ Important Tip for Giving - **Zeffy** charges us zero fees because they rely on optional donor contributions. To ensure your gift goes exactly where you intend, please note:

Watch the Default: Zeffy automatically adds a default **17%** contribution to support their platform at checkout.

Give 100% to Hey Radio: To ensure your entire donation goes solely to the station with zero extra fees, you **must** manually change that dropdown percentage to **0%** before finalizing.

Experience the new platform today at heyradio.com to make your secure, fee-free gift.

Thank you for standing with us!
