**A special Year (Jubilee) of Saint Francis**  
**From 10 January 2026 to 10 January 2027**

At the end of the Jubilee of 2025, Pope Francis announced a special Year of St Francis. The plenary indulgence during the Year of Saint Francis is to celebrate the 800th anniversary from the death of the Saint of Assisi.

The life of the Poor Man of Assisi shows that God's mercy works in history also through people who have opened their hearts to His action. Looking at his example, we see that God's grace can transform even the greatest weaknesses. The plenary indulgence makes it possible to free the heart from the burden of sin, since it is the remission by God of the temporal punishment for sins that have already been forgiven in the sacrament of penance and reconciliation, so that one may carry out the due reparation in full freedom. Therefore, the Jubilee is an opportunity for the faithful to rekindle their faith, strengthen their relationship with God and with the community of the Church. To obtain the plenary indulgence during the Year of Saint Francis, certain specific conditions indicated by the Church must be fulfilled: sacramental confession, Eucharistic Communion, certain prayers according to the intentions of the

Pope, interior detachment from sin, and the performance of certain works, such as a pious pilgrimage to Franciscan churches, participation in Jubilee celebrations, prayer and meditation in the Franciscan spirit, as well as daily acts of charity and humility that express the spirituality of Saint Francis. The sick and the elderly who cannot leave their homes can unite themselves spiritually to the celebration of the Year of Saint Francis by offering to God their prayers, sufferings, and daily difficulties of life, and by committing themselves to fulfilling the usual conditions as soon as this becomes possible.

Saint Francis shows that true imitation of Christ is not based on declarations or ideas, but on a concrete and real lifestyle rooted in the Gospel. He reminds us of the timeless value of poverty and simplicity. By renouncing wealth and social prestige, Francis showed that freedom of heart is born of detachment from material goods. For today's person, living in a world of consumerism, this is an extremely timely invitation to moderation, responsible use of goods, and placing God and neighbour above material possessions. Saint Francis teaches active and fraternal love, especially toward the weakest, the poor, and the marginalized. His life was a response to indifference and sometimes to selfishness—problems just as evident today, when interpersonal relationships tend to flatten and the virtual prevails over reality. Not least, St. Francis also shows that peace is born from a converted heart, not from self-interested declarations or compromises without truth. In a world marked by conflicts, social violence, and insecurity, his life is a call to build peace based on the Gospel of Christ, the only Redeemer of humanity!
