

ST. ROMEDIUS WINE

IRRESPONSIBLY DELICIOUS

2021 RED TABLE WINE

This delightfully lively and refreshing red wine has become one of our most popular wines. A blend of Teroldego, Sangiovese, and Muscat Canelli, this wine is as fun out of the ice bucket in July as it is at cellar temperature in December. We set out to create a red wine that can accompany a wide variety of foods while staying light and refreshing. Try this on your next pizza night or with spicy tacos. Sourced from certified sustainable and organically farmed vineyards. Made with native fermentation and minimal intervention.

Tasting Notes: A beautiful bright red color. Tart berry pie and herbs on the nose. Almost electric on the palate with a freshness that quenches your thirst and keeps you coming back for another glass.
