

As thoughtfully engineered as the components they hold. The **NanoRack** developed from a passion for engineering, innovation, and aesthetics that began long before the first shelf was cut. **Guild Nines** set out to make the best in category audiophile rack and the result: clean-lined residential aesthetics combined with best-in-class audiophile functionality.

FEATURES

<p><b>ADJUSTABLE LOCKING SHELVES</b></p> <p>3/4" Increments for Optimal Spacing Cantilever Locking Hardware Easy Shelf Repositioning</p>	<p><b>INTEGRATED HEADPHONE STANDS</b></p> <p>Two Built-In Locations on the Top Shelf for Mounting Headphone Stands Minimal Footprint</p>	<p><b>VIBRATION-ISOLATING FOOTERS</b></p> <p>Two-part Sylomer die-cut inserts + Solid Shells Verified structure-borne vibration decoupling Weight-optimized constrained layer damping</p>
<p><b>INTEGRATED CABLE MANAGEMENT</b></p> <p>Cable Dock + Cable Hanger system Separate power and signal paths Cable Strain Relief Clean &amp; Organized Appearance</p>	<p><b>LED LIGHTING (TOP SHELF)</b></p> <p>Standard on all top shelves Flush Mounted LED Fixture Premium Warm-White LEDs</p>	<p><b>SIZES &amp; FINISH</b></p> <p>SHELVES: Matte Black/ Widths: 9.5" or 13.25" LEGS: Walnut or Matte Black/ Heights: 10" &amp; 14"</p>

Engineering + Innovation + Aesthetics  
Made in Philadelphia.
