

As thoughtfully engineered as the components they hold. The **NanoRack** developed from a passion for engineering, innovation, and aesthetics that began long before the first shelf was cut. **Guild Nines** set out to make the best in category audiophile rack and the result: clean-lined residential aesthetics combined with best-in-class audiophile functionality.

FEATURES

| | | |
|---|---|--|
| <p>ADJUSTABLE LOCKING SHELVES 3/4" Increments for Optimal Spacing Cantilever Locking Hardware Easy Shelf Repositioning</p> | <p>INTEGRATED HEADPHONE STANDS Two Built-In Locations on the Top Shelf for Mounting Headphone Stands Minimal Footprint</p> | <p>VIBRATION-ISOLATING FOOTERS Two-part Sylomer die-cut inserts + Solid Shells Verified structure-borne vibration decoupling Weight-optimized constrained layer damping</p> |
| <p>INTEGRATED CABLE MANAGEMENT Cable Dock + Cable Hanger system Separate power and signal paths Cable Strain Relief Clean & Organized Appearance</p> | <p>LED LIGHTING (TOP SHELF) Standard on all top shelves Flush Mounted LED Fixture Premium Warm-White LEDs</p> | <p>SIZES & FINISH FINISH: Matte Black+Walnut Trim SHELVES: 9.5" or 13.25" wide LEGS: 10" or 14" tall</p> |

Engineering + Innovation + Aesthetics
Made in Philadelphia.
