

Norfolk v Nottinghamshire at Rufford Park Golf Club

15 April 2025

The weather, which had been warm and sunny for a good few days prior to the match, turned to rain overnight on the Monday evening and for the early hours of the match day on Tuesday. However, by the time of the first tee slot the clouds had cleared and the whole afternoon was rain free.

Rufford Park Golf Club is an undulating course set in very attractive countryside some half an hour north of Newark and all who took part in the match felt the journey time from Norfolk was well worth the effort to play the match.

Although Norfolk got off to an early lead, unfortunately the local course knowledge of the Nottinghamshire based team held the edge in some closely contested matches resulting in victory for the hosts 5½ to 3½.

Following the golf, we enjoyed a two-course meal, and the usual camaraderie associated with these matches. SNGC Vice President Terry Hewitt presented the winning trophy to

Terry Maxim, President of Nottinghamshire Past Captains. The result leaves the annual fixture standing at Norfolk leading 9½ to 4½.
