Description

2008 HUNTER 41 for Sale – "DOG DAYS" | Kingston, Ontario

Breezeway Yachts is proud to present "**Dog Days**," an exceptional example of the highly sought-after **2008 Hunter 41**. Located in the world-class freshwater sailing hub of **Kingston, Ontario**, this premium cruiser is fully equipped, meticulously maintained, and ready for its next adventure on Lake Ontario or beyond. Combining effortless shorthanded sailing features with luxurious, liveaboard comfort, "Dog Days" stands out on the market as a premier choice for discerning sailors seeking a turn-key cruising sailboat.

The Legacy of Hunter Yachts

Founded by Lucius and Warren Luhrs in 1973, **Hunter Yachts** built a legendary reputation as one of North America's most innovative and prolific sailboat manufacturers. Driven by a philosophy of making sailing accessible, safe, and comfortable, the builder consistently introduced pioneering engineering concepts to the marine industry. Over the decades, Hunter became synonymous with robust production standards, ergonomic deck layouts, and manufacturing processes that prioritized structural integrity and owner peace of mind.

Central to the success of Hunter Yachts was their willingness to challenge traditional design norms to improve the cruising experience. By integrating advanced production techniques, focusing heavily on interior volume, and developing signature rigging configurations, Hunter revolutionized the coastal and offshore cruising market. Though the brand has evolved over the years, the classic Hunter legacy lives on through a dedicated global community of sailors who value the brand's unique blend of strength, comfort, and innovative design.

The Innovation Behind the Hunter 41

The **Hunter 41** is a masterclass in modern cruising design, drawn by the acclaimed Hunter Design Team, featuring Glenn Henderson, to deliver an ideal balance of performance, ease of handling, and immense interior volume. This model is highly celebrated for its modern hull shape, which features a fine entry forward to slice through chop smoothly, and a wide beam carried well aft to maximize both cockpit space and aft cabin accommodations. Engineered for structural reliability, the hull features a solid fiberglass bottom with a structural grid layout to handle the stresses of heavy weather cruising.

One of the defining characteristics of the Hunter 41 is its signature **B&R Rig (Bergstrom & Ridder)**. By utilizing swept-back spreaders and a triangular rigging configuration, this design eliminates the need for a traditional backstay. The absence of a backstay allows for a highly efficient, large-roach mainsail and creates an unobstructed cockpit and stern area, making movement on deck safer and more enjoyable for the crew.

Up on deck, the Hunter 41 features the brand's iconic stainless steel **cockpit arch**. This structural element serves multiple crucial functions: it keeps the mainsheet traveler safely out of the cockpit and overhead, clears up valuable seating space, and provides an incredibly sturdy foundation for full canvas enclosures, solar arrays, and stereo speakers. The cockpit itself is deep, secure, and ergonomically shaped, complete with a walk-through transom that leads directly to a wide swim platform for effortless boarding, swimming, or dinghy access.

Step down the companionway, and the true liveaboard brilliance of the Hunter 41 becomes instantly clear. Thanks to the wide beam and generous headroom, the interior salon feels remarkably spacious, open, and bright, illuminated by expansive fixed deck ports and overhead hatches. The smart layout includes a massive, fully equipped gourmet galley, separate forward and aft staterooms for maximum privacy, and two dedicated heads—including an upgraded aft head featuring a separate, fully enclosed shower stall.

Vessel Highlights

- **Upgraded Performance & Control:** Powered by a reliable 54hp Yanmar diesel engine (approx. 1,360 hours with injectors serviced at 940 hours) paired with a high-performance **4-Blade Feathering Variprop** with line cutter, plus a powerful **Bow Thruster** with helm control for effortless docking.
- **Turn-Key Self-Sufficiency (New 2026 Upgrades):** Outfitted for off-grid cruising with a massive **430-Watt Solar Panel system** (2026), Victron MPPT 30 controller, and a robust 940 AH house battery bank comprised of six Rolls AGM batteries (2026).
- **Stunning Aesthetics:** Features a head-turning, custom **Dark Navy Awlgrip Hull** that eliminates the need for tedious seasonal waxing.

- Premium All-Weather Comfort: Equipped with two dual-zone **Air Conditioning and Heating units**, a full canvas cockpit enclosure with screens and windows (2021), and brand-new Sunbrella cockpit cushions (2026).
- Effortless Shorthanded Sailing: Complete with Doyle furling main and 120% jib, lines led aft to the cockpit, a Selden solid boom vang, and four premium Lewmar self-tailing winches.
- Luxury Interior Amenities: A gourmet galley boasting an Isotherm fridge (2025), Novacool freezer, 3-burner Seaward propane stove/oven, and a built-in **24-bottle wine cellar**. The salon features a custom drop-down table with an intricate compass rose inlay, BOSE surround sound entertainment system, and a Toshiba TV.
- Ready for the Season: Includes a Genco custom winter cover and frame, folding storage cradle, a fresh 2026 marine survey available for review, and a pristine bottom treated with 5 coats of epoxy and Micron 2000 anti-fouling paint.
