Description

'DULCINEA' – 1999 HUNTER 410 FOR SALE in Toronto, Ontario

Exceptional 3-Cabin Cruiser with Air Conditioning, Generator, and Solar

Hunter Marine: Innovative Engineering and Proven Cruising Heritage

Hunter Marine has long stood as a titan in North American boatbuilding, renowned for pioneering production cruising designs that emphasize accessibility, ergonomic comfort, and effortless short-handed sailing. Founded on a philosophy of robust construction and practical layout innovation, Hunter yachts built during this era feature substantial hand-laid fiberglass hulls, solid structural grids, and structural bulkheads engineered to withstand demanding offshore conditions while delivering smooth performance on inland lakes and coastal waterways.

The brand's unwavering commitment to owner enjoyment is evident in every detail, from intuitive deck configurations to light-filled, expansive interiors. By integrating signature structural advances such as the raised arch traveler and high-volume hull shapes, Hunter successfully redefined the modern family cruiser, building a global reputation for reliability, exceptional value, and long-term owner satisfaction.

Hunter 410 Model Overview: The Ultimate Blend of Space, Comfort, and Capability

The Hunter 410 represents a sweet spot for discerning sailors seeking a true liveaboard cruiser that handles effortlessly without compromising on interior luxury. Designed for effortless handling by a couple or small crew, the 410 utilizes a balanced rig and a shallow-draft wing keel design that maximizes stability and windward performance while granting confidence in shallower anchorage spots across Lake Ontario and the Great Lakes. Under power or sail, her responsive helm and forgiving motion make extended passages relaxing and enjoyable.

On deck, the cockpit functions as an outdoor salon. The signature stainless steel arch keeps traveler lines up out of the companionway, clearing valuable deck space and allowing for an unobstructed dodger and bimini enclosure setup. Deep coamings, stern rail seats, and a walkthrough transom with integrated swim ladder create an inviting, safe environment for guests whether underway or anchored in a quiet cove. Easy line management brought aft to electric coachtop winches means hoist and trim operations remain controlled and effortless.

Stepping down the companionway reveals an interior volume that rivaled much larger yachts in its class. Rich teak woodwork, warm sole finishing, and strategic overhead hatches flood the salon with natural light and fresh air. The desirable three-cabin, two-head layout provides a private forward owner's suite featuring a side-set Pullman berth and private head, while two spacious aft cabins ensure ample, comfortable accommodations for visiting family or offshore crew.

For buyers searching in this competitive 40-foot price range, Dulcinea strikes an ideal balance between performance, interior volume, and turnkey readiness. Equipped with independent generator power, reverse cycle air conditioning, updated refrigeration, and modern solar charging, this vessel delivers true self-sufficiency and year-round comfort without requiring expensive immediate upgrades. She stands ready as a premier turn-key cruising option for your next adventure.

Key Features & Highlights

- *Performance & Auxiliary Power: Reliable Yanmar 54HP 4JH5E inboard engine (installed new in 2013 with only approx. 800 hours), paired with a 3-blade feathering VariProp and dripless shaft seal (2018) for efficient cruising speeds and reduced drag under sail.*
- *Sailing Systems & Rigging: Quantum TriRadial headsail and battened mainsail (serviced 2026), Quantum asymmetrical drifter with sock for light-air cruising, double-spreader B&R rig with arch-mounted traveler, and a Lewmar OP2 electric coachtop winch for effortless sail handling.*
- *On-Board Comfort & Climate: Two 120V reverse-cycle air conditioning and heat pump units backed by a Northern Lights 7.5kW diesel generator, ensuring all-season living comfort at dockside or anchored out.*
- *Off-Grid Power & Electronics: Suntech 220W solar array with Victron Bluetooth controller, MagnaSine 3000W inverter/charger, high-capacity 6V house battery bank (2024), and Raymarine electronics suite including below-deck autopilot and radar.*
- *Galley & Domestic Upgrades: Fully equipped gourmet galley featuring brand-new NovaKool 12V fridge and freezer units (2026) with top/side loading and extra spray insulation, Force 10 3-burner propane stove with oven,*

and Purest One fresh water filtration system.

- *Deck & Outdoor Living: Full cockpit enclosure canvas with updated aft windows (2026), stern rail seats, walk-thru transom with fold-down helm seat, electric Lewmar anchor windlass, and winter cover with cradle included.*
