Description

2009 DELPHIA 40.3 Cruiser for Sale - Hamilton, Ontario

Complete 2023 Raymarine Suite, Off-Grid Solar & Watermaker

Shipyard Heritage and Model Overview

Delphia Yachts Shipbuilding Heritage

Delphia Yachts has built an international reputation for engineering robust, ocean-ready sailing vessels designed to navigate challenging marine environments with confidence. Built in Poland with fine European craftsmanship, Delphia hulls are celebrated for their hand-laid fiberglass construction, exceptional structural integrity, and well-balanced performance under sail. The shipyard's core design philosophy harmonizes long-distance offshore safety, durability, and practical living comfort, making their cruisers a top choice for serious sailors worldwide.

Every Delphia yacht reflects decades of marine engineering heritage paired with modern shipbuilding technologies. The shipyard focuses heavily on creating seaworthy, stable vessels that deliver effortless passage-making while offering a cozy, luxurious sanctuary for life on the water.

The Delphia 40.3 Performance and Layout

Designed by renowned naval architect Andrzej Skrzat, the 2009 Delphia 40.3 offers an exceptional blend of speed, stability, and handling ease. Featuring a generous beam, deep 7 foot 4 inch draft, and a heavy ballast ratio, this 40-foot performance cruiser tracks true and remains exceptionally well-balanced in heavy seas. Whether short-handed cruising on Lake Ontario or setting off on long-distance offshore itineraries, handling is simple and safe as control lines are led aft through 10 rope clutches directly to the cockpit.

Stepping below deck into the teak-finished interior reveals a rare 4-cabin, 2-head arrangement capable of sleeping up to 8 guests. The airy salon features a large portside dinette with a dropdown teak table, central bench seat, and an ergonomic forward-facing navigation station. Abundant portlights and opening hatches ensure optimal ventilation and natural light throughout the living space.

Auxiliary propulsion is reliably powered by a Volvo Penta 55hp diesel engine, upgraded with a brand-new 2025 MaxProp 3-blade feathering propeller for maximum efficiency under power and reduced drag while under sail. The rigging features a Selden furling mast and furling mainsail paired with a 2023 North Sails 135% furling genoa for crisp, responsive sailing.

On deck, the broad cockpit is protected by a dodger and bimini, offering an ideal setting for entertaining with a built-in cooler in the cockpit table and a Magma propane BBQ. Outfitted with 2,400W of solar capacity, a Sea Pro watermaker, and a full suite of 2023 Raymarine electronics, this Delphia 40.3 represents the ultimate turn-key cruiser for off-grid freedom.

Key Highlights & Vessel Overview

- Complete 2023 Raymarine Navigation Suite: Includes Axiom Pro 9 Chartplotter, Quantum 2 Doppler Radar, EV-20 Autopilot, 650 AIS, and fresh depth, speed, and wind instruments.
- Massive Off-Grid Solar System (2023): 3 x 800W solar panels paired with a Victron 2000W charger/inverter, Victron battery monitor, and 3 AGM house batteries.
- Sea Pro 21 GPH Watermaker (2023): Ensures full freshwater independence for extended coastal or offshore passages.
- Upgraded Propulsion: Powered by a Volvo Penta 55hp diesel with a new 2025 MaxProp 3-blade feathering propeller.

- Fresh Sail & Rigging Package: 135% North Sails furling genoa (2023), Selden furling mast, furling mainsail, and cabintop traveller.
- Rare 4-Cabin Layout: Generous accommodations sleeping up to 8 guests across 4 cabins with 2 full heads, perfect for liveaboards or families.
- Turn-Key Tender Package: Stainless Outfitters dinghy davits carrying an unused 2023 Innovocean 10ft dinghy with a Honda 5hp 4-stroke outboard.
- Advanced Safety Upgrades: Engine compartment automatic fire extinguisher, high water bilge alarm (2023), Fortress anchor with 150ft chain, and Quick anchor windlass.
