Manufacturer Provided Description

The Catalina 375 is bigger in length and volume than any of the same size comparable models from the other leading manufactures. Compare these features to the other brands: larger engine - real teak wood varnished interior - lead keel - large California cockpits - full fiberglass interior liners. To learn more about all the features Catalina offers the serious sailor contact a Catalina expert dealer. They too listen, offer exceptional customer service, outstanding expert knowledge in outfitting your Catalina with today's latest technology.
