FORTITUDE THROUGH THE FIREFIGHT

ANALYSIS OF A CLOSE QUARTERS GUN BATTLE

Instructed by a veteran Iowa law enforcement officer with firsthand experience in multiple violent on-duty encounters, this powerful one-day, discussion-based course delivers an in-depth after-action review of a deadly force incident. Through detailed breakdowns of body-worn camera footage, the instructor shares hard-earned lessons from an officer-involved shooting—lessons designed to better prepare you for the realities of critical incidents. This course is candid, experience-driven, and focused on giving officers practical tools they can apply immediately.

Course topics include: Proven officer safety tactics, Recognizing pre-attack indicators, Deadly force decision-making under stress, and Post-incident mental health and recovery.
