I ventured into network business in 1978 and worked in various networking marketing companies. Unfortunately I wasn't successful and ran into huge debts. Then I joined Mi Lifestyle network marketing business and gradually things started changing financially. I became free from debts and started fulfilling dreams like purchasing a dream home, a dream car and various other properties. I also started helping the downtrodden by donating for charity which I still do to this day. Being a deeply religious man I also constructed Maa Durga and Hanuman temples in my hometown in Bihar.

**SACHIDANAND S  
CHOUDHARY**

All this became possible due to the support system of our company's management. It's very heartening to see that our next generation of management already started working, understanding and taking stock of the business. This foresightedness of the management is indeed marvelous. I'm proud to be associated with such a company. It has the best products, the best plan and of course the payment is always on schedule. Now the path for a new distributor is easy after the launch of Harvest Success Academy which imparts training and education of our business and Industry to all our distributors. Everyone has benefited from this education system. In the past thousands of leaders were leading life successfully but now after the launch of Harvest Education system lakhs of leaders will be benefited. Half of my life has been spent in working in direct selling business but after joining this Management I have enjoyed my life to the maximum. I really thank the entire Management of Mi lifestyle with the bottom of my heart for changing my life as well lakhs of other's lives.
