Direct Selling Industry

POWER OF DIRECT SELLING

1
WFDSA
62 DSAs
170
COUNTRIES

Founded in 1978 by 12 Direct Selling Associations (DSAs), the World Federation of Direct Selling Associations (WFDSA) is the leading international organization representing the global direct selling industry in more than 170 countries.

Today, WFDSA is based in the United States capital, Washington, DC. Our members are a diverse, dedicated group of more than 62 national and regional DSAs who share a common vision and voice to pursue the highest ethical conduct; foster partnerships with government, consumer and academic leaders; strengthen the management of DSAs and their member companies; and promote greater understanding and support of direct selling worldwide.

All WFDSA members must implement the WFDSA World Code of Ethics for Direct Selling in their national Codes. The cornerstone of our commitment to ethical business practices and consumer protections, our Code of Ethics is a living document that is regularly enhanced to meet the demands of direct selling. All direct selling companies agree to be bound by these Codes as a condition of admission and continuous membership in a national association.

A \$180.5 BILLION
INDUSTRY

Direct selling is an industry that transcends geography, culture and age, and it does not require any education, experience or financial means. Which is why millions of people around the world choose direct selling as a path to entrepreneurship.
