INTERVIEW

DR.M. Mohanan

“Build people, and people will build your business.”

Mi Lifestyle Management captivated me with its visionary leadership and commitment to excellence. I was initially drawn to the company because of its focus on offering world-class, certified products supported by a team of renowned scientists. My decision to join was further strengthened by its attractive income plan and distributor-centered approach. This philosophy clearly reflected MI Lifestyle’s commitment to empowering individuals to achieve their goals and build a successful future. Today, I am proud to be a part of this growing organization and contribute towards making a positive difference.

INTERVIEW

DR.M. Mohanan

01 — On Building Trust

My secret to building strong relationships with my team and customers is simple: genuinely caring for people and helping them solve their problems. When people feel heard and understood, they naturally develop trust and confidence. I always strive to understand their challenges by putting myself in their shoes, enabling me to provide the right guidance and support. This approach helps build trust, loyalty, and a strong sense of community. For me, this business has never been just about transactions; it is about building meaningful relationships that grow stronger over time.

> *"Build people, and people will build your business."*

02 — On Challenging Days

On challenging days, I refocus on my long-term vision and remind myself why I started this journey. I view every challenge as an opportunity to learn, grow, and build resilience. I stay surrounded by positive, supportive people who encourage a growth mindset and keep me moving forward.

03 — My Advice

My advice to anyone entering this business is simple: **"Build people, and people will build your business."** Focus on serving, supporting, and uplifting others. When you genuinely care about their success, your own growth naturally follows.

I am Shali Sebastian from Wayanad. One of my friends introduced me to the products of MILIFESTYLE Marketing Global Private Limited. For the past 6 to 7 years, I had been suffering from severe tooth sensitivity, which made it difficult to enjoy hot or cold food and drinks. My friend recommended ON AND ON Herbal Toothpaste, and I decided to give it a try. To my surprise, within just 10 days of regular use, I noticed a remarkable improvement. The sensitivity was greatly reduced, and I experienced significant relief from a problem that had troubled me for many years.I am truly happy with the results and grateful for this wonderful product.

DIVAKARA RAJA RAJEEVAN

PRODUCT NAME: NERVE ENERGY

03

My family and I have had a wonderful experience using Elements Wellness Nerv Energy. My elderly mother used to suffer from leg fatigue and restless legs, with an irresistible urge to move them, particularly at night. After using Nerv energy regularly for just one month, she experienced remarkable relief and now enjoys much greater comfort and better sleep. At our home, we regularly use many products from the Elements Wellness On & On range, especially On & On 9e5, Diabalife, Kavachprash, and Champi Champion. We have found that these products have helped strengthen our immunity and significantly reduced the frequency of common illnesses.
We are truly grateful for the positive impact these products have had on our family's health and well-being. Thank you, Mi lifestyle, for helping us lead a healthier life.
