# WHAT DOES IT MEAN TO BE ICONIC?

## LESSONS BY LEXE: DANCE STUDIO

To be a teacher at Lessons by Lexe: Dance Studio it is very important to respect and value the art form of self-expression and inclusivity through dance, while providing quality education to our growing dancers.

Miss Ainsley

To be *ICONIC* is to stand out in your own unique way. No matter what makes you different, that is how you are *ICONIC*. Be proud of who you are, and unafraid to show the world!

Miss Mary

To me being *ICONIC* means to be a person that others can look up to. Having a variety of qualities that others can admire as well as strive to achieve for themselves. Even something as little as having a cute hairstyle can be *ICONIC*. Everyone has *ICONIC* qualities within in themselves and it's important to let them shine!

Miss Shana

*ICONIC* means memorable and lasting. Certain things like great fashion and kindness never go out of style. Being a part of LBLDS is *ICONIC* to me because we are building a lasting dance community that will leave an impression for years to come. I am grateful that I got to be a part of this season and continue to grow my dancing skills and become truly *ICONIC* myself.

Miss Lexe

To be *ICONIC* means refusing to let age, background, financial circumstances, or past mistakes define your future. As a biracial female entrepreneur from a single-parent household, I've learned that mindset is what truly sets you apart. Everyone has a unique set of talents to offer and believing in yourself while inspiring others to do the same is what makes you truly *ICONIC*.

Miss Maddie

To be *ICONIC* means to be something people will remember for years and years to come. Being the first to do something and setting a trend. Being the best at something and setting the bar for people to strive for. Being *ICONIC* is to be you without letting society or standards shape you. Be who God created you to be, now that's *ICONIC*.

Mr. Nolan

To be *ICONIC*, is to make your mark on the world. It's not following the crowd or sticking to the mold you are expected to be in. It's living in your moment and sharing it with others. It's *ICONIC* to be yourself, there's no one else like you.

Miss Tamee

*ICONIC* to me means legendary. Lessons by Lexe is coming up on 10 years! The dream of one person has a ripple effect that has touched so many over the years and the dancers are part of a bigger picture. Dancers are taught not only dance but respect, compassion, self-esteem, worth, and so much more. Lessons by Lexe has become an *ICONIC* studio where everyone grows and dances together.
