

SEMI-CUSTOM COLLECTION

HOW TO ORDER

Step One

Choose from one of our nine semi-custom invitation suites and decide which items you'd like such as save the dates, details cards & RSVPs.

Step Two

Use the enquiry form on the 'Contact' page to drop me a note about your order, letting me know which invitation suite you have chosen and your wedding date. Shortly after, you will receive a semi-custom order form where you can provide all the little details to allow me to create your stationery. I will also require a £50 deposit to secure your place in my diary which is deducted from your final invoice. If you have any questions at this point, just ask!

Step Three

When it is time to create your wedding stationery, I will ask for your preferred wording and you will receive a further invoice for the balance of your stationery. If you have chosen to order 'on the day' stationery, the £50 deposit will be deducted from your next invoice, otherwise, it will be deducted at this point.

Step Four

Once received, I'll then get to work on creating your dreamy invitation suite. You will receive proofs for approval of spelling, design & timing details before your suite is sent to be professionally printed.

Step Five

Your wedding stationery will then make its way to you, carefully packaged and beautifully wrapped, ready for you to send to your guests.
