Q1 2024 EDITION

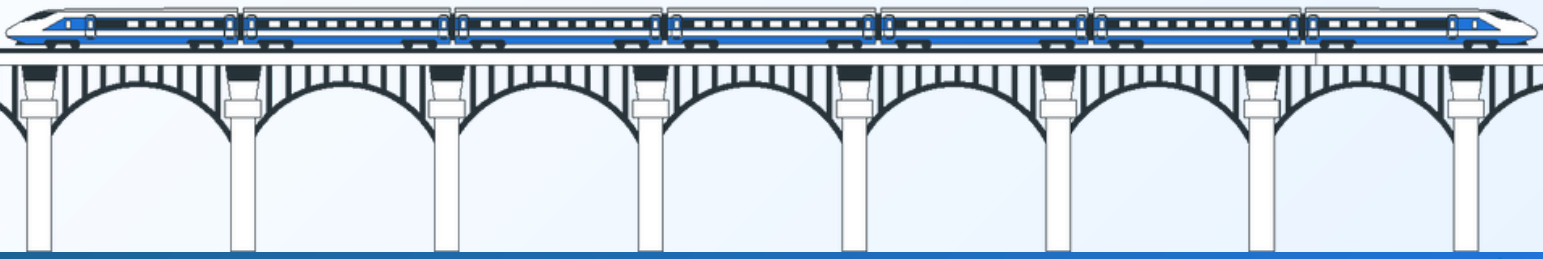

Welcome to the latest edition of the ISource Newsletter where you will find information on our latest projects, as well as our Safety Forum and general ISource related news.

We are working to ensure we have the best Telecoms, M&E and Civils teams ready to support your requirements this year, but please get in touch with your own plans for the next few months.

SAFETY FORUM

We have had 1 observation reported in this period. None of these are RIDDOR reporting incidents = 1 x Frustrated Access

AFR = 0 (AFR = No. of RIDDOR incidents x 100,000 / No. of hours worked)

PROJECTS NEWS

Wessex CIS Completion

ISource is nearing completion and handover of its Wessex SISS Installation Project working for Telent (with their client being Network Rail) on 176 stations on South West Trains franchise to deliver the renewal of CIS screen and PA speakers focused on resolving system non-compliances and asset obsolescence, while modifying the existing deployed asset sets and infrastructure, providing modern and up to date assets with the aim of improving the passenger experience whilst meeting the day to day demands of running the stations, and maintainability. Listed below are the main headline items across the Project.

Project value for ISource from December 2022 through to March 2024. Fixed price, measured works basis.

£ project value 3.55M

The project consisted of 7 installation teams (crews of 4 to 8 people, dependent on the size of the site) with 1 tool van and 1 welfare van in each team.

Absolutely proud moment! 🏆
I'm thrilled to share some fantastic news. As many of you know, KH Engineering Services is currently engaged in a significant M&E project for DLR at their flagship Stations. Well, I'm excited to announce that on Wednesday, October 25th, we attended the annual MGroup (Rail & Aviation) Rail Awards, and the KH Engineering DLR Team achieved an outstanding victory by winning the prestigious "Delivery Team of the Year" award!

This is an incredible achievement, and it speaks volumes about the dedication and expertise of our team. We competed against some formidable opponents, and our team's hard work and commitment paid off.

I want to extend a heartfelt thank you to Mark Dilloway for leading the M&E Delivery Team, as well as to Steve Barclay and George Harding for their invaluable contributions.

This recognition is a testament to our commitment to excellence and the remarkable teamwork that defines KH Engineering Services. Let's celebrate this milestone and look forward to even greater accomplishments in the future!

CANARY WHARF

- Platform CRMS, Wiring & Lighting
- Platform Column Lighting Installation
- New LV Room Basement CRMS, Wiring, Lighting & Small Power
- SER & Basement CRMS, Sub-Main Wiring & Migration
- Concourse CRMS, Wiring & Lighting
- New Switch Rooms on Platforms 1 & 6 CRMS, Wiring & Lighting
- New Switch Rooms on Platforms 1 & 6 CRMS, Sub-Main Wiring & Migration
- Platform to Concourse Staircases CRMS, Wiring & Lighting

ISource's precision in executing the LVAC installation works at Heron Quays and Canary Wharf Stations, as per AOD Construction Drawings & Specifications, reflects our commitment to efficiency and project success.

COMPLIANCE

ISource Solutions prides itself on being a compliance-led company and has successfully maintained the RISQS, FORS Bronze & Silver, Construction Line Silver, and SSIP (Safe Systems in Procurement) accreditations.

I'm thrilled to announce that ISource Solutions has achieved ISO 9001 and 14001 accreditations thanks to our team's dedication. Special commendation to [Hayley Wilkie](#) for her outstanding leadership, guiding us through the process. Completing this journey on International Women's Day adds special significance, highlighting women's pivotal role in driving change. Congratulations to the compliance team!
