Constructionline
Silver Member

We now have two Mental Health Responders, soon to be three... Well done Ian Evans and Hayley Wilkie. Good luck in April Lisa Wenzel.

CONGRATULATIONS

We have recently received some positive feedback from our clients regarding two separate projects, Isource enjoy receiving this and passing it on.

A little Thank you treat will be dropping in all your mailboxes soon

Manchester Victoria - Liam Francis

There was some excellent behaviours from everyone especially Liam Francis - PASMA Operative - who's 'approach, decision making and leadership was exemplary.' There was a great 'one team approach'.

SCADA - Tony Pearson, Tim Roud & Mark Evans

After a recent Health & Safety day, ISource contractors received plaudits from the SCADA Management Team which also included Tony Pearson who was highlighted as 'delivering an excellent presentation.'

PROJECT NEWS

Patchwork Farm - its not all Rail...

We were tasked with installing CCTV on Patchwork farm, a therapeutic care farm designed to allow the young people on site at CFC unique hands on multi-sensory experience with a number of different animals.

Working closely with Telent and the IT team at Chailey we were able to complete the install to a high standard, offering more security to the charities facilities.

PROJECT NEWS

Wessex Update

We now have 6 teams of engineers working across 174 stations. We have successfully completed 36 Stations including some major stations including Salisbury, Southampton Central. so far we have installed 489/3000 PA Speakers, and 100/ 560 CIS Monitors. Anyone interested in working on the project get in touch as we are searching for new talent to assist the project.

GTR Asset Remedial Works.

Remedial works carried out at 25 GTR sites, completed on budget and on time. utilising the IMS system to capture all key evidence for our client we efficiently got the job completed in 2 weeks. supplying management, operatives vans tools plant and material.

TFL BAI Enabling works

Excellent work by our team identifying, isolating and removing redundant electrical and communications equipment across multiple sites to make way for the new BAI installation project of ESN Emergency services network. BAI's neutral host mobile network will also host the new Emergency Services Network (ESN), which will give first responders immediate access to life-saving data, images and information in live situations and emergencies on the frontline.

CHARITY GOLF DAY

Telent held their 18th charity Golf day back in September along side the charity MIND, where over a staggering £75,000 was raised. Amazing.

ISource had their own team for the day and although no one won the car, our Managing Director, Ian Evans did win a trophy for 'Best Stapleford Score'. Well done to all involved.

SPECIAL MENTION

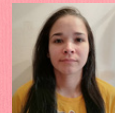

ISource would like to give a special mention to the following contractors;
Peter Arnold, Martyn Perks, Piotr Chorazy, Constantin Leonte and Adewuyi Tijani

Our client KH Engineering received the 'Rail & Aviation Team Delivery Award' and they specifically wanted to recognise the team effort by all involved. You should all be extremely proud.

STAR CONTRACTOR

CONGRATULATIONS; ANAIS ARTEAGA-ESCALONA

- for your continuous hardwork!

A little Thank you for your excellent work will be dropping in your mailbox soon

PROJECT NEWS;

WESSEX REVIEW

We are nearing completion on this £2.7M Project working for Telent which involves the installation of replacement Public Address (PA) and Customer Information Systems (CIS) at 175 Network Rail stations across the South West Trains network. The project is focused on resolving system non-compliances and asset obsolescence, while modifying the existing deployed asset sets and infrastructure, providing modern and up to date assets with the aim of improving the passenger experience whilst meeting the day to day demands of running the stations, and maintainability. With the help of 7 installation teams and 2 commissioning teams, we have completed 148 stations renewing 1,915 PA speakers and 562 CIS displays. The project is due to be complete early 2024.

Our Core Values

ENTERPRISING

WE ARE AT THE FOREFRONT IN DEVELOPING NEW SOLUTIONS WITH A COLLABORATIVE APPROACH TO BE THE BEST SERVICE IN OUR INDUSTRY.
