through the*

## *The Dunneville Dance Hall*

Set in the picturesque rural San Benito County Historical Village, the Dunneville Dance Hall is a replica of the original 1890 Dance Hall from Four Corners. Now available to host your special event, the Dance Hall is a unique venue nestled among the other Historic Village buildings.

## *The Historical Village*

The Historical Village is a remarkable collection of San Benito County architecture and artifacts within the SB County Historical Park. The Village was developed for the benefit of the public by the **San Benito County Historical Society** (a 501c(3) nonprofit) who maintains and administers the Village.

Your rental of the Dance Hall supports the Historical Society's mission to collect and preserve our history, and for that we are grateful. You're invited to make some history of your own at the Dunneville Dance Hall!
