

Grow your business

Why content marketing?

Content marketing can help you generate more sales, become an authority on your subject & establish trust with your audience

Hi there! I'm Michelle. I want to help you get more business with content marketing & social media

What is content marketing?

The creation of articles, blog post and social media posts with **original** and **valuable** content in subjects related to your field

77% of companies say they have a content marketing strategy. Do you? (SEMrush 2019)

Services I offer

Content marketing services:

I write articles for your website on topics related to your industry. The goal: to give value to your audience and generate **organic** interest in your company.

Social media management:

I manage your social media accounts, posting and engaging with your audience in a voice that is true to your brand. When combined with **content marketing services**, I use the valuable content we're creating to generate traction on social media.
