

Crafts K-5: Basic crafts for kids

Jewelry making: Making jewelry (mostly beading)

Kids Cook 1-5: Students participating in cooking will follow multi-step directions to make various foods and snacks. Learn about nutrition, measurements, identify kitchen utensils and uses, and more!

World Cultures 2-5: Students make their own passports and choose countries to “visit” They will learn songs, dances, food, and customs from various countries. Crafts involved, as well.

World Cultures 6-12: Travel the world with Coach Cekrezi!

Art 6-12: Acrylic, watercolor, mixed media, drawing, chalk pastel, color theory, art history, painting techniques, etc

Invention Convention: Inspiring curiosity, confidence, and creative problem-solving. Students work collaboratively or alone to create an invention that simplifies life and/or helps others.

Guitar and Ukulele: For beginner to intermediate levels

Gardening: Developing flower beds and such to help beautify the school. Learn the basic of gardening with Ms Ensell!
