CORVETTE

We are deep into car show season, and in this issue we've captured a bunch of them that took place in late July and August. While we missed a few, you'll get the gist of the action for sure.

There were a couple that some of us attended that usually are not on our radar, but great shows nonetheless.

The **British Car Show** back on August 7<sup>th</sup> is held each year at Eastwood Metropark. It is all things British and well worth attending. We were there with our good friends from WVA. You can check it out starting on page 10.

Another show on the 7<sup>th</sup> that was not listed but attended by the Romers was the **VFW Car Show** up in Wapakoneta. It is well attended and a meaningful tribute to our Veterans. You can read all about that one starting on page 13.

Toss in the Voss Car Show, the ARCA-Menards 200-lap race at Winchester Speedway, the New Bremen Car Show, Greater Dayton's All Corvette Show, the Germantown Car Show, Eaton's Saturday Night Car Show and the Shriner's Car Show and you can see that it's been a very busy month.

There are three big events coming up in September and I hope you can take advantage of at least one of them. We have the 27<sup>th</sup> Anniversary event at the **National Corvette Museum** from September 2 – 4. On the 12<sup>th</sup>, there is the **Lancaster Corvette Show**. And then September 14 – 16, we have our trip up to the **ACD and Gilmore Museum**. I'll be attending all three and will cover them all in the October issue of Flags.

Did you have fun this month? When you came to that fork in the road, did you take it? I sure hope so.

*Rick*

Hi all!

Wow! Hot summertime in Ohio, and the summer is just flying by. Whatever you do, make sure that you get out and enjoy the cars!

We have a lot of events and car shows left this year. Try to take in as many as you can. Each one tends to be different, and a lot of shows have varied types of cars.

If you would like to join us next month at the Gilmore and Auburn Cord Duesenberg Museum, please make sure that you contact Rick if you have any questions. That's going to be a GREAT trip for sure.

Take care and, remember, Save the Wave!

*Prez Gary*

## BCC CLUB MEETING

Please plan to join us at our monthly meeting on Thursday, September 9<sup>th</sup> at 7:00 pm at Golden Gate Park in Brookville. It would be great to get everyone to attend – especially if the weather holds out. And, you never know when there's going to be a surprise raffle of something.

## LANCASTER CORVETTE GATHERING

The 16<sup>th</sup> annual **Corvette Gathering** sponsored by the Ohio Corvette Club Alliance is scheduled to take place on Sunday, September 12<sup>th</sup> in Lancaster, OH. This is one of the premier Corvette events in Ohio and is always well attended. It was postponed in 2020 due to COVID, but has returned this year. We will be attending this event as a Club event, so watch your e-mails for meet-up time and location. It's a very scenic drive to Lancaster.

## GILMORE & ACD MUSEUMS!

We will be headed up to the **Gilmore Car Museum** on September 14 - 16. On the way up, we'll also be stopping off at the **Auburn Cord Duesenberg Museum**. It's not too late to join the group. These are two of the top auto museums in the United States. If you have never been to either, I would highly recommend you consider going. It'll be a fun time for sure.

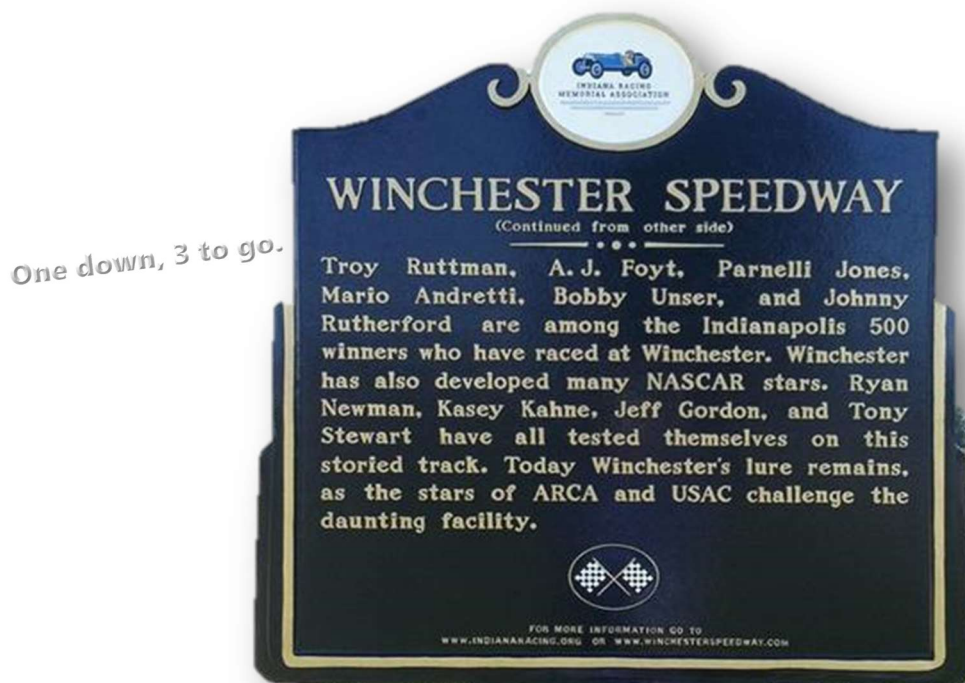

# ARCA MENARDS SERIES RACING

So, back on July 31<sup>st</sup>, several BCC members, family and friends headed over to **Winchester Speedway** in Indiana to take in some Championship racing.

The race was the **Calypso Lemonade 200**, part of ARCA Menard's Series Championship Racing. The series is made up of four races at the following locations: Kansas Speedway, Mid-Ohio, Winchester and Duquoin State Fairgrounds.

The Winchester Speedway, dubbed the world's fastest ½ mile track, hosted this one. It was a 200-lap event on a track that boasts 37° banks. I also did a little digging into the history of the Winchester Speedway. I came across this historical marker. Interesting.

One down, 3 to go.

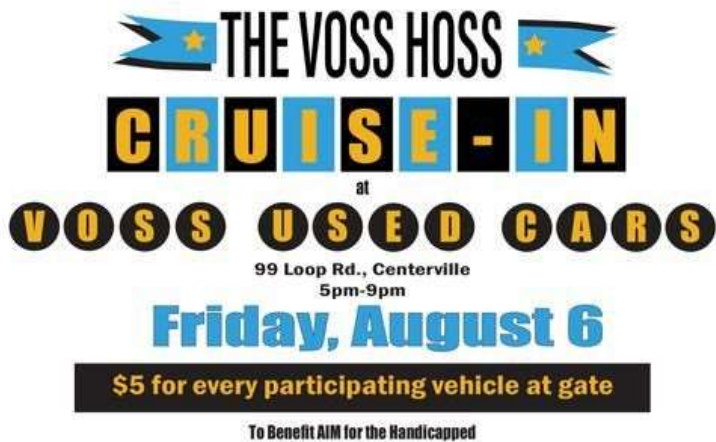

Driving the #18 car, 18 year-old year Ty Gibbs took the win and maintains his series lead over Corey Heims by 7 points. It was also Ty's 7<sup>th</sup> win so far in the 2021 season. And, if his name sounds familiar, that's because Ty is the grandson of football and racing team legend Joe Gibbs. 

# VOSS HOSS CRUISE-IN

On Friday, August 6<sup>th</sup>, Gary C., Dave H., Jodi T., Dave & Paula R. and I headed over to **Voss Chevrolet** in Centerville to attend their annual car show. In 2020, Covid kept Voss from holding both of their summer car shows. This year, they cancelled the first one that was scheduled, but held on and proceeded with this one.

As usual, it was *WELL* attended. Over 400 cars and trucks. The weather was on the warm side, but there was a slight breeze that made sitting on the warm asphalt bearable. By 7:00 p.m., the sun was lower in the sky and the breeze stuck around, so it was very comfortable.

Just above, that's a custom-made 55 Chevy baby carriage with a new-born baby driving. While the women were drooling all over the little girl, I stepped over to Dad and complimented him on his creativity. Best car at the show! Above right, two sibling pups – sisters - 2 years old. Best dogs at the show! 

# BRITISH CAR DAY

For those of you that are not aware, one of the largest British Car Show events takes place every August at the Eastwood Metro Park. The 36<sup>th</sup> annual **British Car Day**, sponsored by Miami Valley Triumphs and the MG Car Club, is a gathering of all cars British and boy do they gather a crowd.

Several years ago, I had the pleasure of bumping in to Rick and Prema Ray at a Corvette event down in Bowling Green. We had participated in an organized drive over to Trooper Island. During lunch, Rick and I just happened to be standing in the buffet line and struck up a conversation. The next thing you know, a friendship is established and we have kept in touch and participated in several Corvette adventures since then. This is the second time Cindy and I have attended this show.

In addition to Rick and Prema owning a Corvette (2018 Torch Red Grand Sport), they also own several British cars. They belong to the West Virginia British Car Club out of Charleston, WVA. One of their cars is this 1980 (British Leyland) Triumph TR-8 that has won many awards including First in Class in 2019 at this very show.

We joined Rick and Prema at this year's event and spent a few hours walking around the show and looking at all of the cars. It was a learning experience for me. I know almost nothing about British cars, while Rick is at the other end of the spectrum. I had a chance to meet many owners that Rick knows well and had a few laughs while marveling at everyone's knowledge of these cars.

On the next couple pages are images taken at the show. The final count from the show was 293 cars and motorcycles. The marques included Aston Martin, Austin Healey, Bentley, Jaguar, Lotus, MG, Spitfires, Sunbeam and Triumph. There was really something for everyone.

Flip the page and check it out.

The guy that owned the black MG (above right) was 6' 5" and fit in it with no problems. He did admit, though, that it's really tough to see stop lights. You go when the car next to you goes – more or less.

Found a couple Triumph Bonnevilles parked in the shade. Great bikes!

The white car to the left is a 1961 Triumph TR-4 hardtop (VIN #288) from **Macy's Garage** (Mark & Tonda Macy) out of Tipp City. The car is owned by Tonda and has had a full concours restoration. It's a 100-point Best of Show winner. Macy's is recognized world-wide for their frame-off restoration of the TR series – that's what they specialize in. They employ 9 - 10 craftsmen and they have a long back-log of work in the shop at all times. In the picture to the left, you'll see just the side of a yellow TR. Mark told me that it is his daily driver – a "beater". Believe me, his idea of a beater and my idea of a beater is 180° degrees apart. The car was beautiful.

Here's a cute story. In the picture to the right, that is Debbie Ferratt standing to the side of her 1958 Triumph TR-3. In 1965, her Dad purchased the car for her as a high school graduation gift so she had reliable transportation when she entered college at Ball State in the fall. The car is pretty much in original condition (which is immaculate) and has only 23,000 miles on the odometer. When I kiddingly asked her if she knew comedian and fellow Ball State alum David Letterman, she replied that he actually was a classmate of hers and graduated in the same class. She really didn't know him all that well, and she joked about thinking of selling the car to him. At the end of the day, the car is a family heirloom and will never be sold.

You know, I just can't go anywhere without fear of being arrested by someone. Here, you see the local "Bobby" has pulled me over and slapped handcuffs on me just prior to hauling me off to Scotland Yard. In the picture to the right, Rick and I threatened to pull out a giant set of magnetic checker pieces and play on the guy's roof. Cooler heads prevailed (along with threats from the guy's lawyer).

A fun day looking at British cars and listening to British music being played over the loudspeakers. I actually think I began speaking in a little cockney accent as we were leaving. Cindy said it was really the wine talking (and I wasn't even drinking). 

# 8<sup>th</sup> ANNUAL WAPAKONETA VFW CAR SHOW

**On Saturday**, August 7<sup>th</sup>, the Romers attended the 8<sup>th</sup> annual Wapakoneta VFW Post 8455 Veterans Helping Veterans Car Show. The weather held up and the turnout was great. They had a total of 186 cars, trucks, bikes and specialty vehicles show up. Karen provided me a heads up on the show and some pics when they returned, so I did some nosing around and came up with many pictures that were posted on someone's Facebook page. Enjoy!

A group picture of all the Veterans that attended the event. Can you find our good friend Neil?

So, you may ask, did they give out any trophies during the show? Just a couple.

And, you may also ask, with all those trophies ready to present, did the Romers grab any? C'mon, do you really need to ask that question?

It's becoming a habit. They've actually started a GoFundMe page on the Internet so they can begin construction of their trophy room in their garage. There were a lot of great looking vehicles at this show. Here are some of the many Corvettes that were there.

A great show and a tremendous cause. Neil, to you and your fellow Veterans, thanks **SO MUCH** for your service. We don't say that enough. 

# HAPPENINGS AROUND THE BCC

So, check out this framed picture that Joe brought to the meeting in August.

It is a group picture that was taken at a past member's home in Brookville celebrating the BCC's 10<sup>th</sup> Anniversary on 17 May 1992. In the picture are Vettes that were owned (or still owned) by some of our current and founding members (Ricketts, Thokey, Freshour).

In the picture to the right titled “**Full Speed Ahead**”, Ransdells were asked by the Tipp City Varsity Volleyball team if they could use their Vette for the team's annual poster. Of course, Dave and Paula jumped all over it.

Left: Ah! So this is what a \$6.00 bag of popcorn is supposed to look like! If you were with us on the Wine Tour in July, you'll understand this picture better. Thanks, Neil! And look, even Gary was shocked! Middle pic, as we're leaving Dairy Queen, in pull Palumbos. Bottom line – ice cream fix! To the right, Gary and I – the only two BCC members that attended the Germantown Car Show. We missed our typically large group.

# NEW BREMEN CAR SHOW

On Saturday, August 14<sup>th</sup>, a small group of BCC members traveled up to New Bremen to attend their 13<sup>th</sup> annual Car Show. The weather was high 70's and sunny skies, so almost a perfect car show day.

Deceptive sign. The show entrance was actually to the left. You'd think that they would have noticed that.

Not a very big show. I counted 54 cars, trucks and Bernie in the parking lot just prior to the judges handing out the **Top 10** trophies (you have **ONE** guess which member in the Club took home one of the trophies).

Quite a few Vettes in the lot – by far the best represented marque in the crowd. Our Club had a C3, C4, C5, C6, two C7's and a C8. An email was sent out to make sure all member's Vettes attending the event were to be Red. Of course, the Prez claims he didn't get the email.

So, you had one guess as to who took home one of the Top 10 trophies. Did you guess correctly?

This was a nice, little show. You'd think after 13 years, they would pretty much have everything down. You know, food, drink, maybe some music. They really need to sit back and brain-storm for next year's show. If they don't, then this show will probably stay on the small side.

Finally, we had a neat conversation with an engineer that worked on the C8 DCT program. We have some pictures and the guy also sent me an overview of what he did. Interesting stuff for sure. Look for that story in the October issue of Flags. 

# BLOOMINGTON GOLD RETURNS HOME

*Hot off the presses and straight from the breaking news announcement from Bloomington Gold*

It was announced on August 24<sup>th</sup> that **Bloomington Gold** will be returning to its hometown in 2022! The show takes place June 10<sup>th</sup> & 11<sup>th</sup> at **Illinois State University** and will include parts from when the show was originally held in Bloomington in the 70's.

In 2022, they will be offering a Road Tour that includes portions of the original road tour route **as well as historic Route 66!**

The 2022 Gold Collection will feature the *Best of the Best* from past collections and will be held in the Brown Ballroom of the Bond Student Center, another blast from the past.

Certification will be housed in the Redbird Arena and indoor vendors will be set up in the Horton Field House. Chevrolet and area dealers will be positioned on the grounds between the two buildings.

50 years is a big deal and we wanted to do something/move somewhere that really meant something as special as 50!

Details of the Show will continue to be announced over the coming months. We hope you are as excited as we are to celebrate Bloomington Gold's 50<sup>th</sup> Event!

Guy Larsen  
**President**

*So, this year, we traveled over to Indianapolis to attend Bloomington Gold. It was a neat trip and cool venue (Lucas Oil Stadium), but underwhelming when it came to the size of the show.*

*With Bloomington Gold returning to the original venue – where it all began – perhaps we should set this up as a BCC event and plan accordingly. It will probably be well attended. 🏎️*

# GREATER DAYTON **ALL-CORVETTE** SHOW

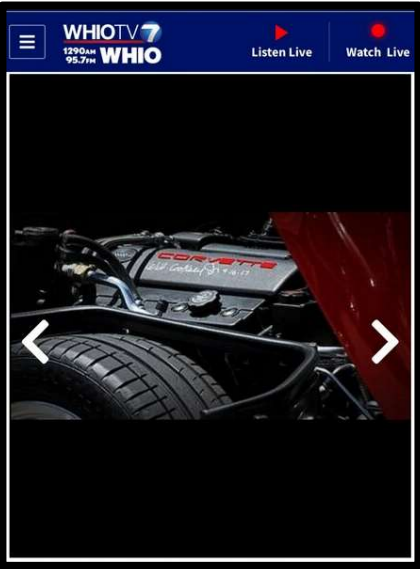

On Sunday, August 22, the **Greater Dayton Corvette Club** held their annual All Corvette Cruise-In in downtown Fairborn. Main Street was closed off (as were a few side streets) to permit unfettered Corvette access up and down the street.

While we did not hear the official count, I'm guessing they had 135 – 150 Corvettes attend the event. This is a well-organized event. Door prizes, raffles, a D-J and a 50/50 raffle take place during the show. **Giovanni's** (co-sponsor) is open so you have a place to sit down, cool off and eat.

We had 8 cars from the BCC attend the show. We got split up a little (not bad), but we all were able to park our chairs in the shade for the entire show. It was hot, but a constant breeze helped to keep things manageable.

To the right, Don and Joan won one of the raffles. The basket contained 6 bottles of liquor. Hidy-ho, neighbor!

Later in the afternoon, WHIO Dayton ran a piece highlighting the Show. To the left, I believe that is a picture of Floyd's engine compartment. Great shot! To the right, that's Joe's C3 in front followed by Neuman's C5. Behind that, that would be yours truly (in the yellow BCC shirt) talking to Royce Martin from The Chosen Few Corvette Club. Autographs on request!

More pictures from the Greater Dayton Corvette Club Car Show.

**"On the way"**

**"The Guys"**

**"The Gals"**

Just above and to the right where Joe and the rest of the gang are sitting, that area became known as "hearing-impaired row", mainly because just a few feet to the left of Joe were the DJ's speakers. When the music was on, your hearing went off. 

# EATON DOWNTOWN SATURDAY NIGHT

On Saturday, August 28, a bunch of BCC Members attended the **Old Fashioned Downtown Saturday Night** event in Eaton. As usual, the Wagners hosted the Club at their house which is within walking distance to the entrance of the show.

Once again, it was a great show. Sure, it was roiling hot and the humidity was ridiculous. But its summer, so you expect it. You don't necessarily *like* it, but you expect it.

We had 14 cars at the show from our Club. Three won awards (yep – can you guess).

As I mentioned on the first page, three of our members walked away with trophies. They were:

**Karen Romer**

**Floyd Criswell**

**Gary Wagner**

One other winner from the Club was Mickey Atchison. Her '37 Ford coupe was on display at the show and it also won an award. Unfortunately, I don't have any photos of her car.

Also, apologies in advance to Gary. I looked high and low for a picture of his Z06 and could not locate one in any of my electronic files. So, that picture of his Gray Z06 to the right was just a crop from the larger photo I took at the show. One of the problems that I have is that I don't have many isolated pictures of every member's Vette. I'll have to work on that.

Again, great show as usual. 

# ANTIOCH SHRINE CLASSIC CAR SHOW

On Sunday, August 29, a half-dozen BCC members drove to downtown Dayton to attend the 17<sup>th</sup> annual (minus 1) **Antioch Shrine Classic Car and Bike Show**.

Yep, another barn-burner of a day with temperatures hovering around 90° and high humidity. However, we did find a nice shady spot to park our chairs for the afternoon. With a little breeze, it was bearable.

There were only 59 cars in attendance and about 22 of those were Corvettes.

So, 59 cars at the show, and there were 51 awards. The Shriners decided to award all participants an award for being at the show. Eight of the participants would have their awards sent to them.

The 8" x 10" plaques with the large gold Shriner's relief is very nice. Speaking only for myself, I don't win many awards, so this was a pleasant surprise. Maybe a harbinger of things to come, eh?

# THE NCM **AMBASSADOR'S** REPORT

Here's what's going on down at the **National Corvette Museum** this month.

## **WIN A NEW CORVETTE**

On September 3, you have a chance to win a 2022 **Elkhart Lake Blue** convertible. Tickets for that drawing are \$200 each. Drawing is on Sept. 3<sup>rd</sup> @ 3 PM CST. Good luck!

On September 4, you could win a 2021 **Torch Red** coupe. Tickets for this drawing are \$20 with an unlimited quantity of tickets.

## **STINGRAY GRILL**

The next time you visit the National Corvette Museum, plan on eating at the newly-opened **Stingray Grill**. The restaurant has been completely remodeled and features an eclectic menu prepared by two executive chefs. The Grill is open for breakfast from 8 – 10 a.m., and then serves lunch from 11 – 3 p.m. You can enter the Grill from either parking lot C or walk in right off of Corvette Boulevard on the inside of the building.

## **CORVETTE POWERED EXHIBIT**

From now until the Bash in April 2022, the Museum will be showcasing the **Corvette Powered Exhibit**. Vehicles to see in the exhibit will include a 1958 Scarab, a 1967 Bizzarrini Strada, a '65 Impala built by Chip Foose, a '66 Excalibur, a '69 Mangusta, a '77 Avanti II and more. The one thing all of these vehicles have in common is that they are all powered by a Corvette engine. It should be a very interesting look at all things Corvette powered.
