The Brookville Corvette Club meets on the 2nd Thursday of each month
at the Leiber Center, Golden Gate Park in Brookville, OH at 7:00 p.m.
Everyone is invited to attend

The Brookville Corvette Club was founded in 1982

Flags is published monthly by the Brookville Corvette Club. Any use
of images or information contained in this publication must be
approved by the Board of Directors of the Brookville Corvette Club.

September was a relatively busy month for car shows and events.

I attended the NCM Anniversary event at the beginning of the month. Also attended the ribbon cutting ceremony for the new **Collections Facility**. That will be a great destination next year when it opens to the public in the spring.

We also had a nice group of BCC members attend the annual **NASCAR party** at Ransdell's house. Lots of fun – especially the big failure of Dave Hineman's car. Too funny.

Lancaster was up next, and we took 9 Vettes over to it. It was pea-soup fog the entire ride over. Once we arrived, the fog lifted and it was a beautiful day for the show.

The **Tipp City Mum Festival Car Show** was a huge success, with picture-perfect weather and what appeared to be a record number of cars and people. Don't think we've ever see Tipp City so busy during this annual event. And – we found out that Marty really likes prime rib!

There are several shows coming up in October, including the **Heritage of Flight Car Show** and the **Camden Black Walnut Festival Car Show**. Try to attend one of the shows in October, as that pretty much ends the season. We might sneak a fall drive in there, too.

The nomination of BCC officers is coming up at our next meeting. Please try to make the meeting and let us know if you are interested in becoming more involve with the Club. It would be nice to see some new faces in the group.

Remember, no matter what you do, just have fun doing it. Life is too short not to.

'Till next month.

Rick

Hi, all:

Well, October has arrived and it's hard to believe it. It is time to get involved and get the Vette out for some nice drives.

We have had some great shows that we participated in during September. The **Corvette Alliance All Corvette** show in Lancaster was great with over 400 Corvettes in attendance. When we arrived, the weather had turned nice for the rest of the day. However, getting there was a foggy nightmare. We did have 9 cars participate.

The **Mum Festival** in Tipp City was another great show. The beautiful weather brought out not only a lot of cars, but tens of thousands of people. We had 13 Vettes participate along with Jody GMC Jimmy.

You need to make it to our **October meeting**. We will be nominating next year's BCC officers. Please let us know if you would be interested in holding an office or getting more involved with the Club. It would be great to see some new faces at the head table.

Hope to see you then. In the meantime, take care, see you soon and, **Save the Wave!**

Prez Gary

BCC CLUB MEETING

Our next meeting will be October 8th at Golden Gate Park at 7:00 p.m. It is time to elect a new slate of officers for 2027. If you have any interest in becoming an officer, please reach out and let us know. In the meantime, plan on being at our next meeting and see what we have planned.

HERITAGE OF FLIGHT CAR SHOW

Celebrating their 20th year, New Carlisle holds their annual Heritage of Flight car show on Friday, October 2nd from 4 – 10 pm. This is always a well-attended event that typically brings in over 200 cars. Keep an eye on your email for meet-up location and times.

CAMDEN BLACK WALNUT FESTIVAL

On October 17th – 18th, Camden celebrates their 66th annual Black Walnut Festival. The car show is on Saturday right down town.

Keep an eye on your email for meet-up location and time.

ANTIOCH SHRINE CAR SHOW

Custom Car • Bike & Truck Show

On Friday, August 28th, we traveled to downtown Dayton to attend the annual Antioch Shrine Car, Bike and Truck show. We had eight Corvettes and one 1958 Apache pickup truck. The weather was great with roughly 71 vehicles showing up for the event.

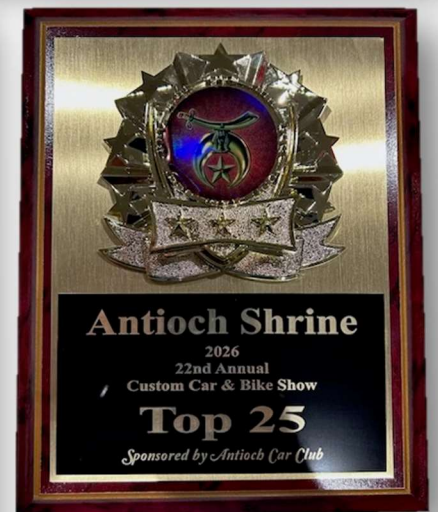

A 383 Vega

A sharp '59 Impala

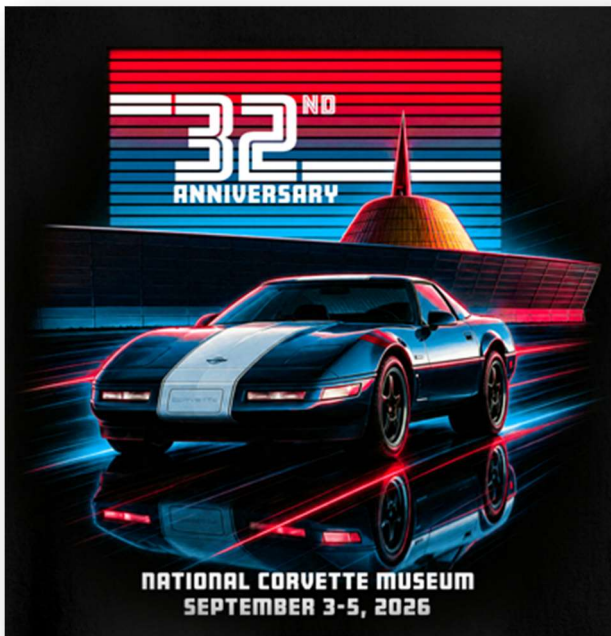

The Wienermobile

The big winner of the evening was our own Jody Tiernan who won a **Top 25** award and then took home the top prize, the **Potentate's Choice** award for his '58 Apache.

Congratulations, Jody!!

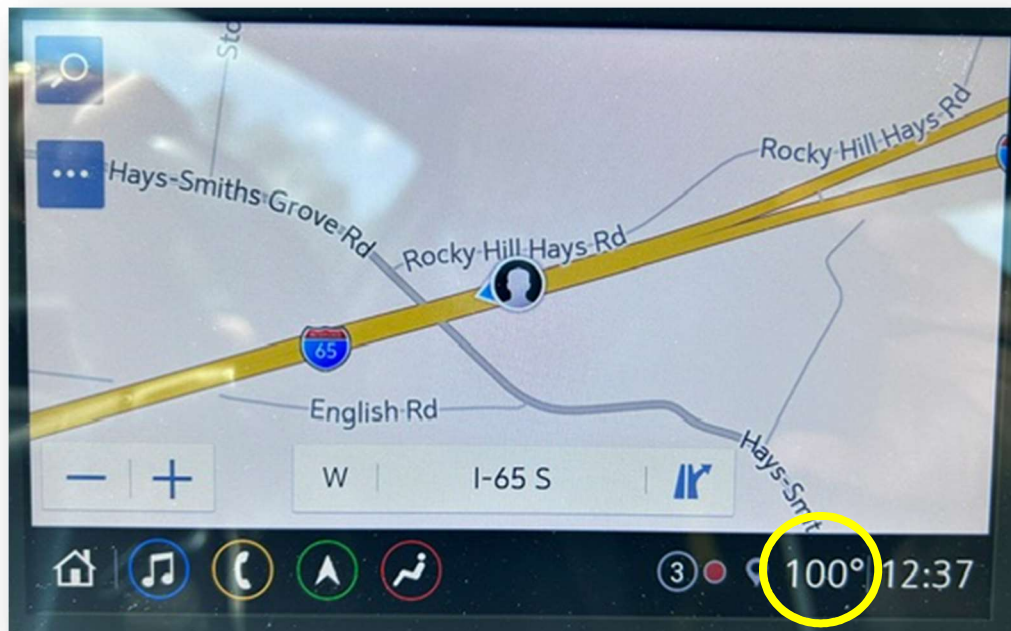

NATIONAL CORVETTE MUSEUM 32ND ANNIVERSARY

SEPTEMBER 3-5, 2026

I attended a couple days of the 32nd Anniversary Event down at the Museum at the beginning of the month. I was there primarily for the Ambassador's meeting, and also attended the ribbon cutting ceremony for the brand new, 66,000 square foot Collections Facility.

First things first. **HEAT!** The temperature for the first couple days was 100°F – maybe slightly higher than that. Just oppressive if you didn't find shade or weren't inside. I snapped a picture of the screen in the car as I was headed down.

Is what it is. As hot as it was, the Vette oil and engine temperature stayed right around 172° - right where it usually is. As for mileage, I drove between 70 and 75 mph and averaged close to 32 mpg for most of the trip. There were a few dashes up around 80-90 mph. Didn't get 32 mpg then.

Ambassador's Meeting

The Ambassador's meeting was relatively short due to the Collections Facility program and ribbon cutting. Andrea Bateman cut right to the chase. Bryce Burklow (President) made a few opening remarks, then turned the meeting back over to Andrea and she plowed right through the main objectives. There will be more coming in future conversations about the topics, so you won't miss anything.

PassPlay

This is the new Digital membership card. If you are a NCM member, you will be able to upload the PassPlay program right to your phone. That will be your digital membership card. Several new features will be on the program including:

- Automated renewal reminders (except Lifetime members)
- NARM access
- New loyalty program
- Member check-ins
- Exclusive member loyalty perks

Member Portal

The new Member Portal is now live. I have not yet loaded it on my phone, but will shortly so I can explain it better to our members. It (the portal) is loaded with features we've never seen before. According to Bryce, it is one of the best if not the best member portal in the Country. The features include:

- Member benefits
- The NCM collection – all of it
- Oral histories
- 3-D scans
- ACS magazines
- Monthly calendars – pick and choose what month you want to upload to your phone
- An updated business directory
- A photo gallery

Once I upload my member portal, I'll work with it and then make a presentation to our club members so everyone can see the benefits of being a NCM member.

Sweepstakes

The Museum is going to continue to have Sweepstakes in addition to the regular raffles. There are some exciting Sweepstakes coming up – stay tuned (see below).

- Our promo code for our Club remains the same (**BROOKVILLE**)
- Every time you use the promo code BROOKVILLE, you get 50% more entries (any ticket level)
- The Museum tracks our usage. I'll get a report on where we stand.

The next Sweepstakes is coming up. It is a Torch Red 2026 ZR1 3LZ coupe. The Sweepstake is now open and will be open until mid-June of 2027.

I didn't take many pictures out in the entrance area of the Museum. Here's a pic of the Grand Sport with half the body cutaway. You get a feel just how wide the car really is. Those 345's out back are just massive.

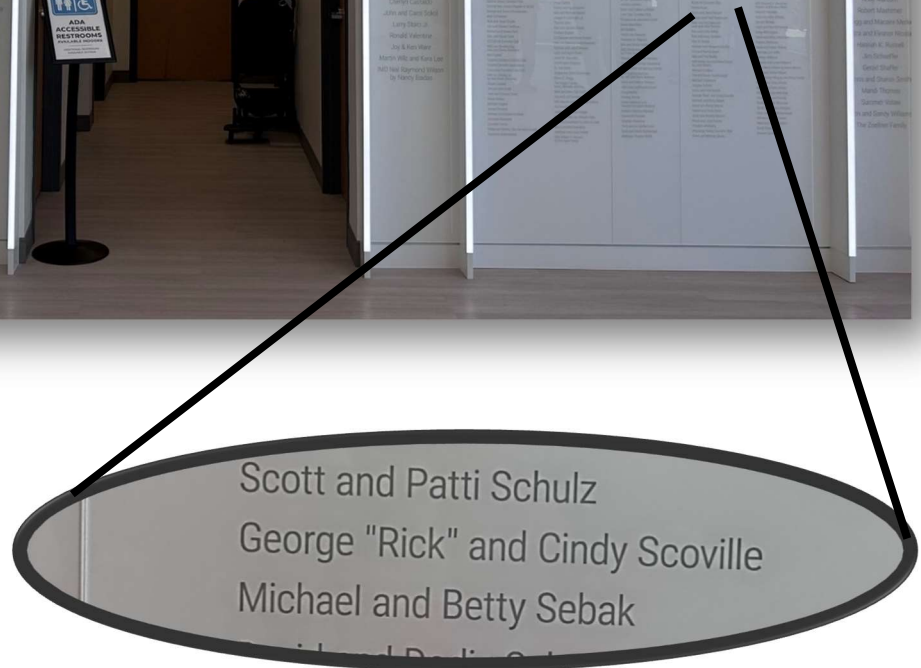

Here's the Grand Sport in Corvette Racing livery

This is the donor wall inside the new Collections Facility that was dedicated during the Anniversary event.

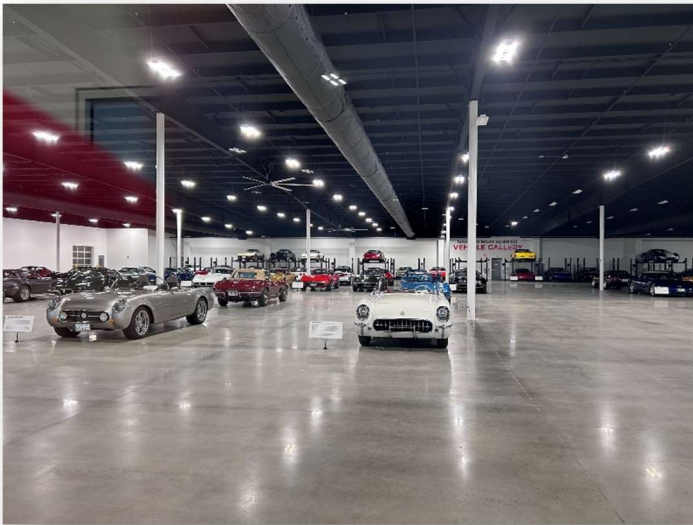

There are 7 levels of donations that can be made. As soon as the donation request was announced, we sent our donation to the building fund. All donor's names appear on the wall under the appropriate levels. Back in April during the Bash, Gary and I had the opportunity to sign the aluminum frame behind the wall before the drywall was installed.

The ribbon cutting ceremony

A peek inside the Collections facility.

On September 13th, we had 9 Corvettes that made the trip over to Lancaster, OH to take part in the 21st annual Ohio Corvette Alliance Corvette Gathering. Never mind that we took off at 7:00 a.m. and drove the roughly 1 ½ hours to Lancaster in pea-soup fog. Add to that a major detour just 10 miles from Lancaster, we were getting pretty antsy to arrive.

Once we did, the sun started to pop through to burn off the fog and misty rain. The rest of the day was blue skies and about 400+ Corvettes from all over Ohio, WVA, PA, IN, KY and other states.

Here are 8 of the 9 Vettes that made the journey. We had two show-stoppers from our group that drew crowds all afternoon. Denny and Tina Cassel drove their 2026 ZR1X to the delight of the crowd. Rumor had it there was another X (a yellow one) somewhere but we never saw it. It was fun just watching people continuously walking up to look at it and take pictures.

The other Corvette that also drew a crowd was Ted Cassel's 2026 Z06 Stars & Steel edition. It's triple black, so you have to get right up to it to notice the stars & steel package. It was great to have both Corvettes at the show for everyone to see.

I didn't take many pictures of all the other Corvettes at the show. You get the picture. However, we were sitting behind a couple very neat Vettes. There was this silver Z06 with the asymmetrical package. If you looked inside, the driver's side was adrenaline red and black, while the passenger side was all black (the door panel, carpet, seat). Makes for an interesting look (I like it). Sitting right next to the Z06 was a Torch Red Grand Sport. One of the first ones that I've seen in the wild.

When we were parking and getting set up, there was a silver Grand Sport X that drove by. I was not able to get a picture then. When we went to look for it, the guy apparently had left early. Great looking Vette for sure.

Here's a pic of some of our group. L – R. Prez Gary, Bob Freshour, Ted Cassel, Denny Cassel, Tina Cassel, Dan Miezio and Cindy Miezio.

Over the years, I have made many Corvette friends while attending events around the country. This group here are some of those great friends. We had lunch together, stepped outside and took this selfie to memorialize the day. L-R: me, my great Cub Reporter Rick Ray and his wife Prema from Hurricane, WVA. Next is Sam and DeEtta Balser from North Manchester, IN. In the blue shirt is Jim Blystone and next to him is wife Jan from Stow, OH.

Missing from the pic but not to be forgotten are Doug and Carol Burke from Springfield, OH. As usual, they were volunteering at the event as National Road Corvette club is part of the Alliance.

Finally, here's a picture that Tina Cassel took of four of our cars parked across the street. L-R: **Snider's** '23 Z51, **Cassel's** '26 ZR1X, **Freshour's** '19 Grand Sport and **Scoville's** '21 Z51.

NASCAR

PARTY AT RANDELL'S

On September 6th, Ransdells held their annual NASCAR party at their home in Tipp City. We had 20 BCC members in attendance. There was plenty of food and drink, stray dogs to pet, the race itself and our annual BCC race event. Always a great time.

The neighbors get a kick out of see all of the Vettes parked on the street

Really, the big event of the evening is the pull-back drag racing event. Everyone brings their own Corvette and, over the course of the evening, compete head-to-head for the Men's trophy, the Women's trophy and the Overall Winner mug. The races are a process of elimination event, so everyone has an even chance of winning. There is also a modified division where a few of the members bring their modified Corvettes (multi-engine, light-weight and electric).

Above, this is what each race looks like from the finish line. This year, we filmed each race and were able to verify the "close" races through the use of race review and/or slow motion. Came in handy!

Here are just a few pics from the races. I can't show every race, but you get the picture.

OK. So, somewhere around the middle of the competition, things started to go awry. Well, at least for one car – Dave Hineman's. Apparently, it suffered some chassis damage. So, instead of a quick fix, Dave chose to run the car. In this series of photos pulled from a "live" shot, you can see for yourself exactly went wrong. Again, you really had to be at the race to enjoy the moment. You can see some reaction from "The Prez" in the background and the non-reaction from the Mayor.

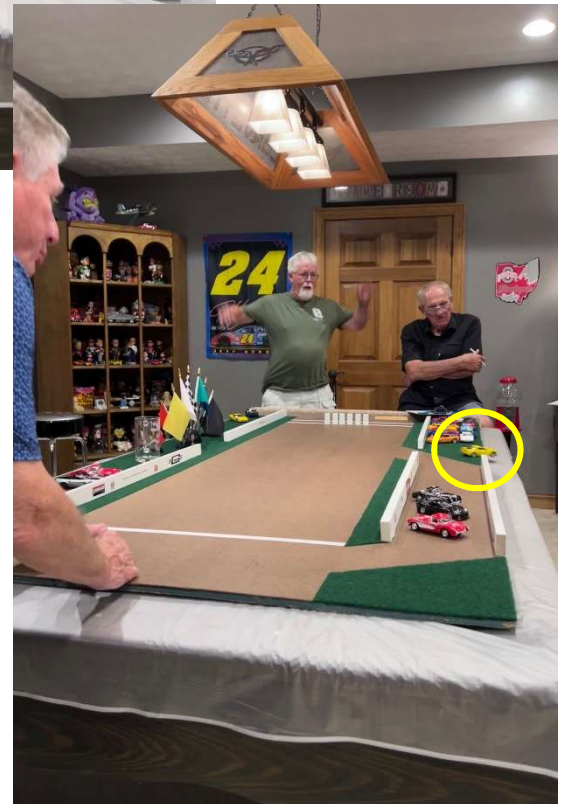

1 THE LAUNCH

2 THE HARD RIGHT

4 OVER THE CLIFF

3 THROUGH THE WALL

THIS YEAR'S WINNERS

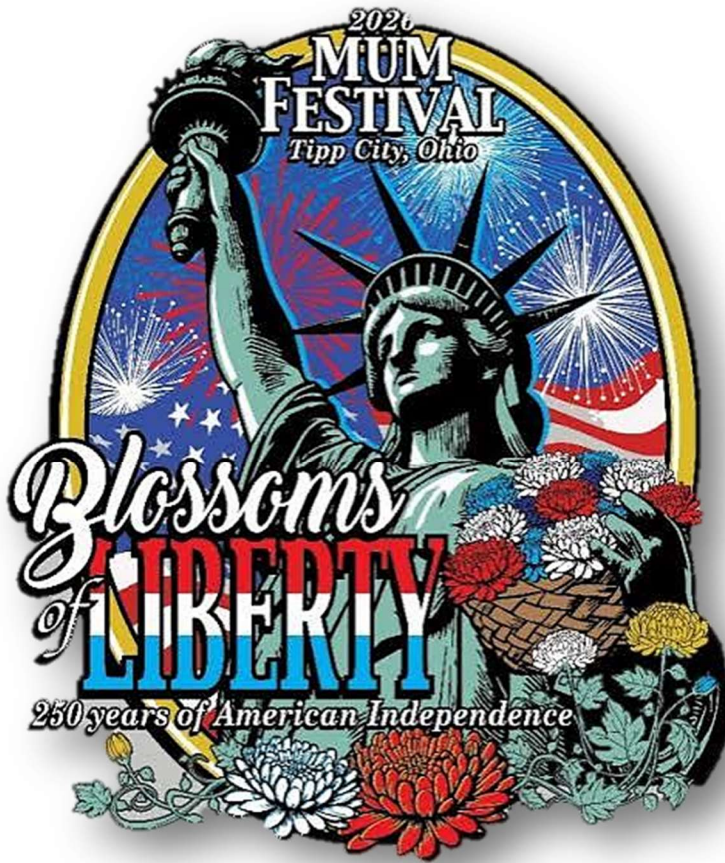

L – R: Patty Wagner – Race Champion Karen Skirha – Women’s Winner
Joe Ricketts – Men’s Winner Joan Thokey – Modified Winner

The winning driver for the **NASCAR** race was Christopher Bell. Cindy Scoville picked Christopher to win the race. Here she is with the winning prize. I wonder what she will do with that sign?

Not sure what she'll do with all those Benjamins (sorry, there was so much that she kept dropping them on the floor).

Probably buy more signs.

Tipp City Mum Festival

On Friday, September 25, 10 BCC members headed over to Tipp City to attend the annual Tipp City Mum Festival car show. It was 70°, no humidity and almost clear skies. A perfect day for a car show.

As usual, we staged up on Main Street at about 1:30 and then waited until 4:00 for school to let out so they could close the road and allow everyone to line up and park. We had 9 Corvettes and Jody also brought his GMC Jimmy (which is always a show stopper).

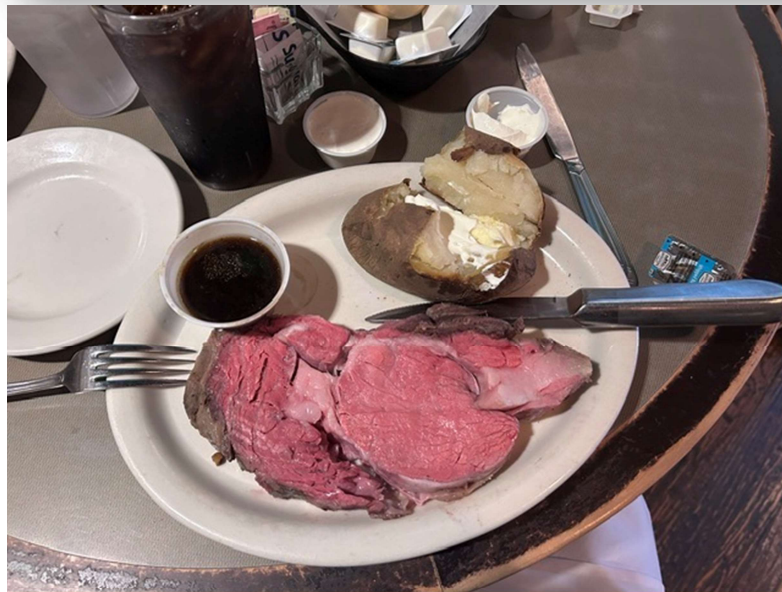

And then....the crowds. Thousands of them. Main Street was just a mass of humanity for roughly $\frac{3}{4}$ of a mile. I'm sure that eventually we'll find out what the final car count was, but a good guess would be in excess of 400 vehicles. The predominant marque appeared to be Corvette. They were peppered into the rows of cars from end to end.

I did not take many pictures. We just ended up sitting around talking and, periodically, walking the show. That said, here's what I have. You can also go on-line and check out Go-4-Rider's two-part video that gives you an idea just how big the crowd was. Also, Rob Schrader was there and we're pretty sure he took well over 500 pictures. You will be able to find the show on his website – Miami Valley Novas. He took over a dozen pics of just us and our cars. Not sure how many will make the final cut.

Clockwise from upper left: a beautiful '66 convertible: Tipp City's newest police car (some druggie lost his Camaro: A V8 powered Hot Wheels VW: Another street scene right downtown: A small block blown Vega.

Clockwise from upper left: A brand new 2027 Grand Sport in Admiral Blue with requisite white stripe and a black interior. Love the new wheels, too.

We did have to find a place to eat. It's Friday night, so we stopped in to Harrison's and it just happened to be Prime Rib night. Marty and I indulged, while Gary got a chicken dish.

Took a picture of Marty as he started to devour that 32 ounce prime rib. OK, maybe not 32 ounces, but it was a healthy cut (and he ate the whole thing). Gary was smiling as he plucked away at the chicken. That plate of prime rib is mine (medium rare) and it was some of the best prime rib I've ever had.

Who said we don't eat well at car shows?

SEPTEMBER HIGHLIGHTS FROM

NOTE: All of the following content is used with permission from Keith Cornett of Corvetteblogger

Here are this month's highlights from Corvetteblogger.

- **Top 25 Corvette dealers through July 2026**

First, let me say thanks to the person that sent us this Top 25 dealers list for the calendar year 2026. These reports have been harder to come by, so if you are a recipient at your dealership of these official Chevy sales reports, please share it with us so that we can show the Corvette Nation just how well your dealership is doing in Corvette sales for the year.

This official sales report is over a month old, but it shows some big changes happening within the retail market. MacMulkin remains the top destination for Corvette buyers

by far with 785 total sales recorded, while the next competitor is Ciocca with 281 Corvettes sold. Les Stanford in Dearborn has made some serious in-roads and now sits third nationally with 232 Corvette sales while our good friend Mike Furman of Criswell sits 4th overall with 181 new Corvettes delivered.

RANK	DEALER	LOCATION	TOTAL	RANK	DEALER	LOCATION	TOTAL
1	MacMulkin	Nashua, NH	785	14	Lafontaine	Plymouth, MI	79
2	Ciocca	Atlantic City, NJ	281	15	Jim Ellis	Atlanta, GA	79
3	Les Stanford	Dearborn, MI	232	16	Don Mealey	Clermont, FL	78
4	Criswell (Furman)	Gaithersburg, MD	181	17	Starling Chevrolet	Orlando, FL	75
5	Bomnin	Miami, FL	180	18	Bomnin Chevrolet	Miami, FL	74
6	Classic Chevrolet	Grapevine, TX	129	19	Rick Hendrick		73
7	Stonebriar	Frisco, TX	105	20	Van Chevrolet	Scottsdale, AZ	71
8	Stingray Chevrolet	Plant City, FL	102	21	Coughlin	Pataskala, OH	69
9	Ross Downing	Hammond, LA	88	22	Findlay Chevrolet	Las Vegas, NV	65
10	Rick Hendrick	Naples, FL	82	23	George Moore	Jacksonville, FL	65
11	Rydell Chevrolet	Northridge, CA	81	24	Mac Haik	Houston, TX	57
12	Rick Hendrick	Cary, NC	80	25	Camino Real	Monterey Park, Ca	57
13	George Matick	Redford, MI	80				

Geographically, Florida remains the top state with six dealers in the Top 25 followed by Texas and Michigan with three dealers each and California has two dealers.

• Corvette Assembly celebrates 45 years building Corvettes with an open house

When Chevrolet moved Corvette production to Bowling Green, KY in 1981, no one could have known just how important the move would become to both Corvette and its new hometown.

Forty-five years later, Bowling Green remains the exclusive home of Corvette production, turning out everything from the Stingray to the 1,250-horsepower 2027 ZR1X.

The Bowling Green assembly plant temporarily stopped production Saturday, September 19th for a different reason – to open its doors to the public and celebrate its 45th anniversary.

In a video that was posted, you can see a visitor checking out the Corvette CX concept car – an all-electric, 2,000 horsepower hypercar concept that serves as a vision for a model that might one day be built in the Bowling Green facility. In the meantime, visitors were given an up-close look at how the current Corvettes are designed, engineered and assembled along with an opportunity to meet some of the people who build them.

Mary Cole, a plant planner, said including the Bowling Green community in the anniversary celebration was important. *“This was super important to involve the community”,* Cole said. *“We have the National Corvette Museum and the Bowling Green Fire Department come out to just celebrate that we’ve been in this community for 45 years.”*

Six generations of Corvettes have now been produced in Bowling Green, and the car has become so closely associated with its Kentucky home that Bowling Green has earned the nickname “Vette City”.

Current plant director Ray Theriault said that the relationship is recognized far beyond Kentucky.

“I can tell you that I meet people all over the world in this job and once they hear Bowling Green, they think Corvette,” Theriault said. *“Once they hear Corvette, they say, hey, that’s where Bowling Green, Kentucky is. And I say it certainly is. I can tell you that our workforce is very much centered within Bowling Green.”*

Addendum

As an added treat during the anniversary event, Jay Leno dropped by to visit the assembly plant and speak to the plant employees. Later, Jay performed at SkyPac in downtown Bowling Green to a packed crowd.

In the pic, that’s BGA’s plant director Ray Theriault posing with Jay out on the assembly plant floor.

Here's what's going on in the World of Corvette in our neck of the woods.

NCM Board Announcement. During the Thursday morning presentation at the 32nd Anniversary event, Michael LaRocca, NCM Board President made the announcement that Mike Furman will become the newest at-large Member on the Board of Directors. Chains have been rattled in the past about Mike being on the Board, but nothing came of it. Until now.

Bottom line, this is good news for members of the Corvette Museum as well as all Corvette owners. Mike brings with him 49 years of customer-facing experience with Corvette, and will be a strong “voice of the owner” moving forward.

As an honorary member of the Brookville Corvette Club, it is great to see Mike's announcement and what it means to the Corvette community. Congratulations, Mike! Well deserved.

Uh-oh, he's at it again. Looks like “Big John” Barnett has found his next project Corvette, and it has been right under his nose all along. One of his neighbors just down the street had, in storage, a 1968 Blue coupe that was last driven about 4 years ago. The guy had owned the car for about 40 years. The car is in very good shape. The kicker – it has a 427 cu.in./435 HP tri-power numbers matching V8.

You guys know John. If this find is as solid as it looks and John puts his “magic touch” to it, it could be killer.

It will be fun to watch the progress! Oh, he is talking side pipes already.

One week later. Here's a pic of John's '68 about a week later. The paint has only been dusted – no waxing or detail spray. Coated the tires with a tire coating. Started the engine with little problems. Needs some mechanical attention, but so far, so good.

Twin Valley South Homecoming.

TVS's homecoming was on September 18th. Each year, they ask the Club if we can supply a few convertibles to haul the kids around in the parade. Dave Jeffery and Dave Hineman accepted and drove the girls in the Parade through West Alexandria.

Below, that's Gary Chesnut's daughter Mandy on the right and his granddaughter Ellie on the left.

CALENDAR OF **EVENTS** FOR 2026

January 09	Brookville Corvette Club Meeting – Golden Gate Park, Brookville. 7:00 p.m.
February	
12	Brookville Corvette Club Meeting – Golden Gate Park, Brookville. 7:00 p.m.

(Note: Events/dates that have been grayed out means that either the date for the event has not yet been announced or the event has taken place. All events in black/red are confirmed as of this writing.)

"The mission of the National Corvette Museum is to educate worldwide audiences on the evolution of the Corvette - America's Sports Car – through collection, preservation and celebration of its legacy"

CORVETTE RAFFLES

On October 22nd, you could win a **2027 Blade Silver Coupe**. Tickets are \$100 with 200 available. Drawing is at 2:00 p.m. CST.

On November 19th, try your luck at winning a **2027 Admiral Blue Grand Sport coupe**. Tickets are \$250 with 1,500 available. Drawing is at 2:00 p.m. CST.

Finally, on April 24, 2027, you could win a **2027 Torch Red Stingray convertible**. Tickets are \$20 each with unlimited quantities available. Ticket will be drawn on April 24th during the Bash at 2:00 p.m. CST.

To purchase tickets, just go to the National Corvette Museum's website link right here: (www.corvettemuseum.org), click on *Win a Corvette*, and then click on *Enter to Win*. It's as easy as that!

New Sweepstakes

Oh boy. The newest sweepstakes car is a brand new **2026 Torch Red ZR1 3LZ**. It has all the bells and whistles including the much requested ZTK package. The sweepstakes is open NOW and will remain open until June 20, 2027. The drawing will be on July 13, 2027.

Ticket packages are the same as before. There are 8 packages ranging from \$25 all the way up to \$2,000. And remember, don't forget to use promo code **BROOKVILLE** to get an additional 50% more tickets.

Go for it!!

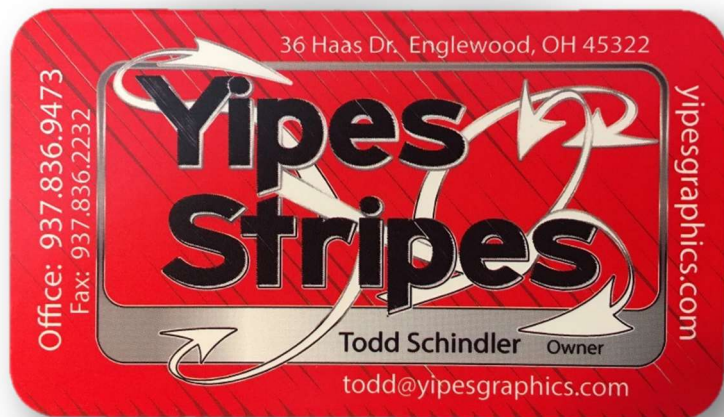

LINKS OF INTEREST

Here are some suppliers of various products and services that may be of interest to you.

Adam's is a supplier of premium car care products, equipment, waxes, microfiber towels, etc. As you know, my personal favorite. Go to: www.adamspolishes.com

Yipes Stripes, located in Englewood and owned by Todd Schindler, is a graphic design house specializing in all types of graphic appliques, pin-stripping, race stripes, artwork and design services. Just go to:

www.yipesgraphics.com or 937-836-9473

ACS Composites is a supplier of Corvette aftermarket parts with an emphasis on C7 and now C8 ground effects including side rockers, front splitters, hoods, diffusers, etc. Go to: www.acscomposite.com
