

Proceeds from the Sixth Annual Gathering Place Brain Fair and Benefit provide stimulating activities for people with Alzheimer's, respite and support for their caregivers, and dementia education to citizens in Brazoria County.

Nine congregations in Clute, Lake Jackson, Angleton, and Alvin offer monthly 4-hour activity-based socials for persons with Alzheimer's disease or a related disorder. Gatherings Places are free, and provide 38 hours of respite for caregivers each month and stimulating companionship for people with Alzheimer's.

Alzheimer's prevention classes, Brain Camps and Meta Camps, are offered countywide. The Alzheimer's Awareness Project sponsors memory screenings, Caregiver and Resource Conferences, and training for special populations. Gathering Place Support groups, information and referral, and family consultations assist and support persons giving care.

The Gathering Place BrainFair

**Sat., Mar. 28, 2020 9-Noon
County Fairgrounds Angleton**

The Brain Fair teaches lifestyle elements to maximize brain and heart health — exercise, diet, lifelong learning, and stress management — in an atmosphere that makes the learning fun.
