

Work Experience: Retired in 2019 after 30-plus years in the financial services industry. My last position was with Principal Asset Management, where I was COO for the Distribution and Service subsidiaries. In addition, I was a director on each of the subsidiary's Board of Directors, along with Chairing several government industry committees.

Upon retirement, my goal was to find additional ways to give back to our community. Over the years, I have been involved in various charitable organizations: including United Way, El Dorado Food Bank, and Toys for Tots. Currently, I work with the Folsom Athletic Association, to help coordinate, create, and deliver gift bags for Folsom low-income seniors. I am currently the Treasurer of the Murer House Foundation in Folsom. I joined East Portal Bocce Club 2 ½ years ago and enjoy the people and the quality of play. I would be honored in joining the East Portal Board of Directors and playing a role in helping the club grow and evolve in the community. It is important that the club caterers to all levels of players to help grow the sport in the Sacramento community.
