

# 1039 Nightbuster

## LED Floodlight

The Nightbuster Flood and its applications for sign lighting, small area lighting, landscape accent, security lighting around home, and anywhere small wattage lighting is required makes this one of the most versatile fixtures. The Nightbuster Flood is built with energy efficient LED technology! The housing and lens are made of durable, long-lasting molded Polycarbonate to keep out bugs and water, with 4 screw stainless steel rust resistant hardware. The die-cast aluminum swivel provides a sturdy and easy to direct mounting foundation.

All 1039-Series fixtures use the same polycarbonate housing and lens. The difference is in the light source -- the choices are a small wattage LED lamp with an E-26 base and a 12-watt LED lamp with a G24D base with a lumen output to replace 2-13WCFLs. Both of these lamps are replaceable. The 12-W24D base lamp has a rated life of 50,000 hours. The third option is a circuit board with driver (24 SMDs) or, the fixture can be had with two circuit boards to double the lumen output to 2400 lumens. Each fixture has the standard 1/2" cast aluminum knuckle for easy mounting to a bell box.

**9W: 800 lumens**  
**18W: 1600 lumens**

**Fixture: 4 1/2" W x 10" L x 3 3/8" D**

**120 Volts AC - Standard**

**5 year warranty LED**

**Proudly manufactured in the USA**

### Component Features & Specifications

- Dimensions:** 4 ½" W X 10" L X 3 ¾" D – Fixture
- Construction:**
  - Housing:** Molded ABS in Black, White, Bronze or Green
  - Lens:** High impact molded clear polycarbonate with 4 stainless steel screws against neoprene gasket
  - Swivel:** Die-Cast Aluminum
- Colors:**
  - Housing:** Black
  - Lens:** Clear
- Mounting:** Die-Cast Aluminum swivel with ½" pipe thread
- Light Source:** 9 Watt or 18 Watt lighting assembly
- Current Draw:** 9W: .2 amps; 18W: .4 amps
- Light Output:** 9W: 800 lumens; 18W: 1600 lumens
- Electrical:** 120 Volts Standard
- Optional:** Pre-coated Kynar aluminum visor
- Warranty:** 5 year warranty
