

1045 Sign Lighter

The 1045 makes larger sign lighting easy with its two 1/2" pipe size knuckles for easy mounting, either from the ground or overhead. The clear tempered glass lens is held in place with six stainless-steel over-center catches for quick and easy removal to access the fixture interior for wiring or lamping. Standard finish is black powder-coat over aluminum for long-lasting appearance however virtually any color may be applied as an option. The standard light source is one or two F32 T8 lamps with one or two F54 T5 HO's as an option.
*Lamps are not furnished

Proudly manufactured in the USA
