

# 2050 LED Low Profile

## Deck and Dock Light

### New low profile design!

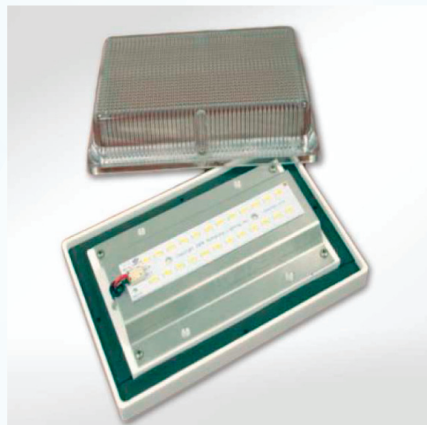

The Illumacorp 2050 LED mini-lighter puts out 1240 lumens for miserly .6 amps on 12V AC which makes it compatible with common 12vac garden lighting transformers. Input voltage can vary between 9 and 36 volts with consistent light-output performance. Commonly used on boat docks for piling or railing mounting the 2050 provides easy-on-the-eyes illumination. Ruggedly built here in the U.S. using circuit boards, lens and back plate produced in Florida, the fixture carries a 3-year full warranty and is as efficient as current technology allows. Four mounting holes are exposed when the lens is removed; using two of the four holes is sufficient for most applications. The lens is gasketed and meets IP65 rating criteria; all fasteners are stainless steel.

 **1240 lumens / .6 amp on 12VAC**

 **4 1/4" W x 7 1/8" L x 1 3/4" D**

 **IP65 rated**

 **3 year full warranty**

**Proudly manufactured in the USA**

### Component Features & Specifications

- Construction:** NEW LOW PROFILE DESIGN: 4 1/2"W x 7 1/4"L X 3/4"D. Marine polymer back plate, acrylic prismatic lens, neoprene closed cell foam gasket, and stainless steel lens screws. LED Only. Flush Mount.
- Finish:** Marine polymer - White or Black
- Mounting:** Surface mount
- Electrical:** .6 amps or 7 watts on 12 volt AC.
- Light Source:** LED circuit board, 1240 Lumens, 5000K
- Light Output:** Approximately equivalent to 26 Watts of Compact Fluorescent Lamp
- Options:** 120 Volt AC
- Warranty:** 3 year warranty

### Ordering Information
