

3020LED590

"Turtle-Friendly" Bollard

 **Shields 90 to 270° of light output**

 **8"D x 14"H head with 6"D x 26"H body
Overall Fixture Height: 42"**

 **42 Watt Philips COB
120 Volt or 270 Volt**

 **5 year warranty**

The 3020LED590 is a beachside walkway turtle-friendly bollard with available shielding to shield 90 to 270 degrees of light output for protection of our turtle population. Perfect for pool decks, walkways, landscape areas and any location near waterways that require lighting specifications for turtle protection. Heavy-duty, durable powder-coated aluminum body and louvers with stainless steel hardware withstand the elements of sun, sand and saltwater exposure for years to come! The aluminum base secures to substrate by 4 anchor bolts for easy installation and a solid hold. With 42 Watt Philips COB LED, this fixture is not only attractive and sturdy with exceptional light out-put, but is cost effective as well! Available in Black, White, Verde and Bronze powder coat. **Approved by the Florida Fish and Wildlife Commission, Wildlife Lighting Certification Number: 2013-011.**

Proudly manufactured in the USA
