

5001 Apex Open Guard Architectural Lighting

The Apex Series of architectural lighting components can be utilized in the following applications to produce a luminaire that is aesthetically attractive, lower profile and offers vandal resistant performance:

- Educational Facilities
- Walkways
- Parking Structures
- Office Facility interiors, exteriors, and common areas
- Single and Multi-unit family dwellings
- High End Residential
- Applications which require vandal resistant lighting, with a more aesthetically pleasing design than traditional "box style" vandal resistant luminaires

The components are specification grade quality, with injection molded lenses and guards. Housings are one piece die cast marine grade aluminum.
