

 **Up to 100 watts incandescent  
45 watts LED** **16" diameter, 8" high** **Incandescent or LED** **5 year warranty**

The classic shape of the Snook Light provides a pleasing **spread of light, reminiscent of historical times**. This fixture has a medium base incandescent socket so it can use a standard incandescent lamp or, better yet, one of the new LED lamps. The Snook Light features a rust-proof spun aluminum body, durable powder coat finish, and porcelain enamel incandescent socket with nickel-plated brass screw shell for long-life and durability. Custom color, and image printing for logo, is available. Both a 1/2" and 3/4" pipe-size top mounting hub are available. Standard color is gloss white with others being available. For mounting devices, see "Accessories" in the Component and Specification section.

**Proudly manufactured in the USA**
