

INTEGRATED SOLAR STREET LIGHT

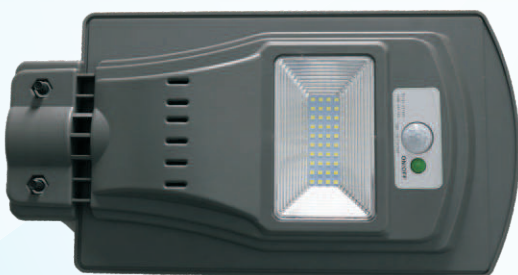

72000 Series

Features

- Unique Innovative Design, unique lens
- Germany Imported solar panel
- High Efficacy Lumileds chips
- Intelligent PIR motion sensor + Photocell sensor
- Warranty 3 years
- Battery pack replaceable without opening the lamp
- Slip fitter mounting
- Integrated housing, more efficient space utilization.
- Battery separated from lamp body, no heat from light source will affect the battery, ensure longer battery life

Intelligent controller can fit motion sensor ensure the effective lighting. No person dimming to 50% in 15 seconds.

Battery separated from lamp body, no heat from light source will affect the battery, ensure longer battery life
