

Summer 2025

ABOUT US:

International Strategies Group, LLC is a Service-Disabled Veteran-Owned Small Business (SDVOSB/VOSB) committed to helping government, private sector and mission-driven organizations advance their objectives through effective planning, operations, and performance improvement. Our capabilities span strategic consulting, organizational development, and targeted implementation planning—making us a reliable partner for organizations seeking results-driven support, agility, and compliance in execution.

OUR SERVICES:

Strategy and Management Consulting - We specialize in helping businesses, government agencies, and nonprofits define their strategy, vision, set clear objectives, and chart a course for sustainable success. We focus on building an actionable Strategy and helping you execute across your organization.

Organizational Process Improvement - We guide you to optimize existing processes and increase efficiency while reducing costs using proven methodologies such as Lean Six Sigma.

Training - We offer training to empower leaders, managers, and teams to navigate complex challenges, make decisions, and drive organizational success. Whether you're building a foundation for strategic thinking or refining advanced capabilities, our customized training programs deliver measurable impact.

Solutions - We will build a tailored solution aligned to your procurement requirements, contract vehicles, and performance standards to maximize acquisition success.

WHY ISG?

Our team has worked across government, the private sector, and nonprofit organizations bringing experience and best practices to solve your toughest challenges.
