How can we help?

LIV STOCK VIDEOS REQUIRED.

We are planning on doing a new documentary for LIV and LIV Group will require stock videos of LIV to add to the documentary. We will need filming of the following areas:

1. Family photos
2. Play time Photos
3. ECD
4. LIV School
5. LIV Mothers
6. People working at LIV from the community
7. Clinic
8. LIV Creative
9. Sport
10. Buildings

Again, children cant be identified in any footage, so you will have to be creative. There are some kids who are biological and we will show you who they are to get portrait shots of them.

Keep it confidential.

P-21 is a for purpose collaborative platform where all participants give freely of their time to help where they can.
