

MISSION OF THE FOUNDATION

The purpose of this non-profit organization shall be to protect and enhance the ecological values of the Chimineas Unit of the Carrizo Plains Ecological Reserve and to help provide opportunities for wildlife dependent recreation, education, and research activities which are compatible with conserving the biological integrity on the reserve.

Part of California's ranching heritage since 1880

OUR WORK

The Foundation conducts habitat work such as installing tanks and troughs across the Chimineas Ranch to defend against drought by providing permanent water sources for wildlife. The wildlife depend on us, and supporters like you, to ensure those water supplies are available. The Foundation also supports junior hunts to educate youth, installed a new kiosk to provide better public information, and helps maintain the Chimineas Ranch property.

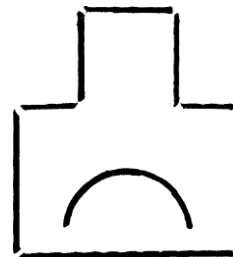

DINNER THEME

We are celebrating the Super Bowl with a football themed dinner this year. Try out the new Football Toss game, bid on some football memorabilia, and come wearing the jersey of your favorite team!
