### Voice from our Leaders

Hey girl heyyyyy,

As we Slay & Pray into 2026, may we remember that God meets each of us right where we are. Whether we enter this season with excitement, hesitation, or quiet hope, His faithfulness remains steady. We are women from many walks of life, yet we are stitched together by the same loving God who sees us, knows us, and calls us His own.

This year, may we embrace stepping in faith—God's instructions that may include moments of courage, acts of kindness, rhythms of rest (Sabbath), as well as hearts open to God's gentle leading. May we celebrate the beauty of our different walks and the strength we find in our Chic Chat community. And above all, may we trust that the God who has carried us this far will continue to guide us with grace, wisdom, and unfailing love.

Here's to a year of growth, connection, and renewal—one step at a time. Let's Slay and Pray, God's way!
