New York has the proud distinction of being the first state in the nation to enact a Human Rights Law, which affords every citizen "an equal opportunity to enjoy a full and productive life." This law prohibits discrimination in employment, housing, credit, places of public accommodations, and non-sectarian educational institutions, based on age, race, national origin, sex, sexual orientation, marital status, disability, military status, and other specified classes.

The New York State Division of Human Rights was created to enforce this important law. The mission of the agency is to ensure that " every individual . . . has an equal opportunity to participate fully in the economic, cultural and intellectual life of the State." It does so in many ways, including the following:

- Through the vigorous prosecution of unlawful discriminatory practices;
- Through the receipt, investigation, and resolution of complaints of discrimination;
- Through the creation of studies, programs, and campaigns designed to, among other things, inform and educate the public on the effects of discrimination and the rights and obligations under the law; and
- Through the development of human rights policies and proposed legislation for the State.

ECEC has three sites with both Integrated and Self-Contained Classrooms in Albany, Schenectady, and Troy. The Center-based program is 4.5 hours, from 8:45 am to 1:15 pm. All teams use a collaborative, interdisciplinary approach using play as the medium for learning. Our goal is to continue to challenge students to greater independence in preparation for Kindergarten, reinforcing that learning should be fun.

Self-Contained Classroom provides students with a smaller class size and high staff ratio in a highly structured, language intensive environment. All students receive special education services within an appropriate peer group. The Self-Contained Team consists of a special educator, two teaching assistants, speech therapist, occupational therapist, physical therapist, and a social worker. Class size is either 8 or 12 students with inclusion opportunities daily. Integrated Classroom provides a structured, language-rich program for preschoolers with special needs alongside typically developing peers. The Integrated Team consists of a special educator, early childhood teacher, teaching assistant, speech therapist, occupational therapist, physical therapist, and a social worker.

Make-A-Wish® Northeast New York

3 Washington Square

Albany, NY 12205

Phone: (518) 456-9474

Website: <http://neny.wish.org/>

A wish experience can be a game-changer for a child with a life-threatening medical condition. This one belief guides us in everything we do at Make-A-Wish®. It inspires us to grant wishes that change the lives of the kids we serve. It compels us to be creative in exceeding the expectations of every wish kid. It drives us to make our donated resources go as far as possible. Most of all, it's the founding principle of our vision to grant the wish of every eligible child. Wishes are more than just a nice thing. And they are far more than gifts, or singular events in time. Wishes impact everyone involved - wish kids, volunteers, donors, sponsors, medical professionals and communities. The impact varies. For wish kids, just the act of making their wish come true can give them the courage to comply with their medical treatments. Parents

might finally feel like they can be optimistic. And still others might realize all they have to offer the world through volunteer work or philanthropy. Whatever the odds, whatever the obstacles ... wishes find a way to make the world better.

Our sole purpose is to assist and support people who are recovering from substance use disorder. Second Chance Opportunities, Inc. bridges the gap between full-time treatment and living a life of sobriety. We help people stay sober by any means necessary. We have found what works for some, may not work for others, so what we do changes constantly. People who come to work and live with us have already been given a foundation for sobriety and basic tools from an accredited treatment facility. We do not provide treatment, we provide the environment and support necessary for people to integrate the treatment they have already received and continue the growth process that are necessary to achieve long term sobriety.
