

## BIG GAME STURGEON - BRITISH COLUMBIA

### WORLDWIDE FISHING ADVENTURES' PARTNERS IN BRITISH COLUMBIA:

We are happy to announce that we are partnered with a top local fishing company in British Columbia that in our opinion is and has the best of the best. The company has been serving anglers from all four corners of the globe for 20 years, and has built an excellent international reputation for consistently providing top-quality Big Game Sturgeon Fishing Adventure Holidays.

The company shares our and your fishing passion and understands your fishing needs. We are 1,000% confident they can meet or exceed the high expectations of today's sport fish anglers.

Give this great destination and hard-working fishing team a try..... YOU WILL NOT BE DISAPPOINTED!

Sturgeon have gained an international reputation as one of the top giant sportfish in North America. This is the freshwater version of Marlin fishing and the Fraser River offers the best!

## THE FISHING:

When Sturgeon fishing, guests will always have a very realistic chance of hooking a trophy fish of a lifetime. Sturgeon are exceptional fighting fish, quite often jumping out of the water after being hooked, especially in the warmer months.

This is the most consistent Sturgeon fishery in the World, with success rate at almost 100% .... It's very uncommon not to get any bites, or not hook up to Sturgeon, and multiple hook-ups are the norm. An average-sized Sturgeon is in the 3-6ft range, but there are plenty of much larger fish in the river that can exceed 11-12 feet in length and can get to over 1,200lbs!

All Sturgeon fishing is done from jet boats (which makes just travelling to the fishing areas fun also, especially to the Canyon)! Heavy and high quality gear is a must to battle these giants. Reels are spooled up with 150-200lb braid.

Although Sturgeon fishing is available year-round, the best and most consistent time of the season is from Feb-Nov.
