BAIA LODGE, NEW BRITAIN, PAPUA NEW GUINEA

JUNE TO OCTOBER

THE TRIP

'The best of both worlds at the incredible Baia Lodge'.

A bit of a deviation from our usual portfolio of trips. With this one coming directly from the worldwide network we have established over the years. We will be hosting these trips within the June to October season for a max of 8 – 10 anglers. The trip is suitable for singles, couples, groups and as a family getaway with countless sports and activities to even keep the kids busy. This is truly a paradise getaway coupled with breathtaking sport fishing opportunities.

The trip provides for two differing angling landscapes, and the choice of where and when to fish them is down to you.

1. **The riverine systems** for huge black bass (with some over 50lb), Spottail Bass, Jungle Perch, Speckled Grouper and much more, and then mix it up with the:
2. **Offshore reefs and inshore blue waters** for many of the hard fighting trophy species such as Trevallay and GT's, Red Bass, Dogtooth Tuna, Yellowfin Tuna etc.

Species include:

- BLACK BASS,
- SPOTTAIL BASS,
- MANGROVE JACK,
- JUNGLE PERCH,
- DOGTOOTH TUNA,
- GIANT TREVALLEY,
- RED BASS,
- YELLOWFIN TUNA,
- COD,
- SPANISH MACKERELL,
- CORAL TROUT,
- MAHI MAHI,
- MARLIN,
- and much, much more ...

The ocean also provides excellent offshore deep blue water fishing for a variety of tropical species. For that, let us know in advance and we will make the arrangements. Note that these specific charters are not included within the trip costs and will need to be paid for separately.

THE LOCATION

New Britain is the largest island in the Bismarck Archipelago, part of the Islands Region of **Papua New Guinea**. It is separated from New Guinea by a northwest corner of the Solomon Sea and from New Ireland by St. George's Channel. The main towns of New Britain are Rabaul/Kokopo and Kimbe. Linguistically, it is the world's most diverse country, with more than 700 native tongues. Some 80% of Papua New Guinea's people live in rural areas with few or no facilities of modern life. Many tribes in the isolated mountainous interior have little contact with one another, let alone with the outside world, and live within a non-monetarised economy dependent on subsistence agriculture.

THE FISHING

Baia Lodge is within 15 minutes of all five of the local rivers and the well equipped 6m boats will provide the best of platforms to be tackling both the rivers and the offshore reefs.

The rivers, estuaries and offshore reefs provide such an incredibly diverse range of hard fighting species, enough to stretch the string of any sport angler.
