All rods have been selected for their quality and proven performance. Rods are fully checked prior to being shipped, to ensure all major parts are undamaged and functional. Reels, where not 'new' will be fully serviced prior to shipping and will be provided with a protective 'reel pouch'. Tackle Hire Terms & Conditions

1. All our tackle is 'written down' over a given period [dependent upon type]. This is governed by our ability to retain within our stock of hire equipment, and to continue providing to our future clients.
2. You [the hirer] shall take full responsibility for the care and treatment of the hired equipment from the point of receipt from Amazon-Adventure, until the point of despatch back to Amazon-Adventure.
3. As this is a UK service only, we strongly encourage personal / hand collection and return [where logistically viable], rather than 3rd party shipping.
4. You are strongly advised to discuss your 'tackle hire' requirement with us well in advance of your trip dates to ensure we a) have availability and b) can ensure it is the most appropriate 'tackle' for your trip.
5. Once your requirement has been agreed we will confirm the total hire / cost [including shipping], and the payment required.
6. You are advised to make the necessary 'tackle hire' arrangements to allow receipt [3] between 3-5 days prior to your trip departure date.
7. Daily hire costs are taken from your actual 'trip' dates and excludes the durations for travel.
8. The payment shall represent the full replacement cost of the 'hired tackle' and shall be paid to Amazon-Adventure prior to shipment to / collection by you.
9.  Payment preferred. We will provide payment details at time of order.
10. Once your 'tackle' has been received, you will promptly inform us of any damage or missing items within 24hrs of taking receipt of the shipment. A 'Missing / Damaged Items Form' will be included within your shipment.
11. Throughout the duration of your trip, you are requested to treat all 'hired tackle' with respect and care and should endeavour to protect rods & reels from being damaged. Special care should be taken with rods to protect them from unnecessary 'bouncing' or 'other contact' with hard surfaces i.e. boat gunwhales during what can often be vigorous boat trips.
12. Should any damage occur, you should use the 'Damage Report Form' which will be included with your shipment.
13. Once back in the UK, you will ship (insured to the appropriate value) the 'returned tackle' back to Amazon-Adventure [at your cost] within 3-5 days or make the necessary arrangements to personally / hand deliver.
14. Once received by Amazon-Adventure, the returned 'tackle' shall be checked for any damage, over and above that considered 'fair wear & tear' or as identified in [12]. Should such damage be present, we will contact you directly to discuss / agree any additional charges.
15. **Where you are returning items from 'Session Packs', we will only consider a refund against unused items, or those that we can confidently return to our stock of hire equipment. A 'Returns Form' for this will accompany your shipment.**
16. Upon agreement on any matters of damage, we will refund the initial deposit taking into consideration any items being refunded [15], less the agreed hire costs [5] and less any costs associated with the jointly agreed damages [14]. This will be undertaken within 5 Working Days.
17. Note: hired tackle provided under this agreement shall always remain the property of Amazon-Adventure.
18. **Note: Once payment has been received, session packs become property of the 'hirer'. Refunds against returned items remains at the discretion of Amazon-Adventure.**
