Question & Answer

Do you travel for weddings?

Yes! I love to travel and am available for weddings worldwide. Travel fees may apply depending on the location, so please let me know your venue when you inquire, and I will provide a custom quote.

How do we book you?

To secure your wedding date, a signed contract and a 50% non-refundable retainer are required. The remaining balance is due 7 days before your wedding day. Dates are booked on a first-come, first-served basis, and I recommend booking as early as possible to ensure my availability.

How many photos will we receive?

The number of final images varies depending on the number of hours of coverage and the events of the day. As a general guide, you can expect to receive between 75-100 professionally edited photos per hour of coverage.

Are the photos edited?

Yes, every image you receive will be professionally edited for color correction, exposure, and a consistent style. I do not provide unedited or "raw" files as they are an incomplete representation of my work. My editing style is a key part of the final product.

How long until we receive our photos?

You will receive a sneak peek of 10-15 images within the first week of your wedding day. The full online gallery will be delivered within 4-6 weeks of your wedding date.

Do you offer a second photographer?

Yes, a second photographer can be added to any collection and is included in the Signature Collection. A second photographer is great for capturing multiple angles during the ceremony and getting a wider variety of candid shots.

What is an online gallery?

Your photos will be delivered via a private, password-protected online gallery. From this gallery, you can easily view, share, download high-resolution images, and order professional prints and custom keepsakes.

Ready to Tell Your Story?

I'd love to learn more about your wedding and answer any questions you may have.
