Recent News

Metro Businesses See Major Crime Reductions Through Proactive Safety Strategies

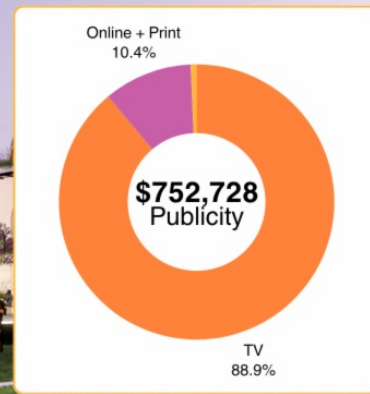

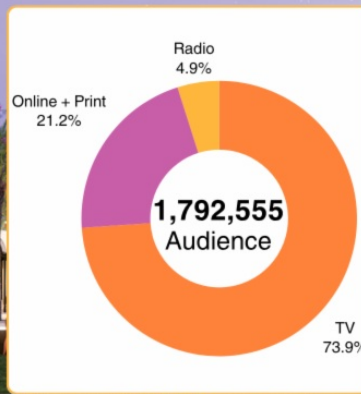

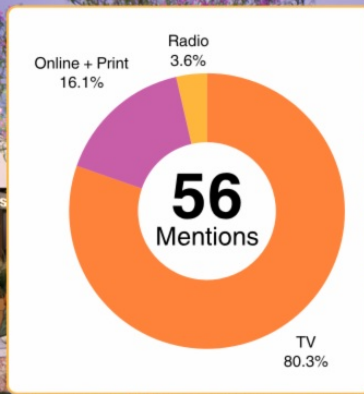

Businesses in the Metro area (I-17 to 35th Avenue, Dunlap Avenue to Sweetwater Avenue, Council District 1) are seeing real results thanks to proactive safety measures. With the support of Phoenix Police, the community has experienced a **69% decrease in shoplifting, a 53% reduction in burglaries, a 36% reduction in trespassing, and a 35% overall drop in crime.**

These improvements are the direct result of businesses partnering with law enforcement to renew their [Authority to Arrest \(ATA\)](#) forms and apply Crime Prevention Through Environmental Design (CPTED) strategies. CPTED is an internationally recognized, research-based approach that reduces opportunities for crime by making simple, thoughtful adjustments to property design.

Whether it's improving lighting, enhancing visibility, or securing access points, CPTED strategies help ensure businesses remain welcoming to customers while discouraging unwanted activity.

For more information about [CPTED](#), call (602) 256-4303 or email Detective Brian Kornegay
