

## Call-In Dictation Service

You can become a member of our DigiCloud Call-In Dictation Service when you want a pay-as-you-use dictation solution. It also makes a great backup solution to your DigiTel Call-In Dictation System.

1. Simply call us at 1-631-828-1245 to set up your membership. Tell us the names of your users, and we'll email you a list of their log-in PIN and Password numbers.
2. Each user will dial 1-631-828-2034, log-in with their PIN/Password, and will be prompted to begin recording. They can also pause, play back, and indicate if the dictation is a priority using the touchtones on their phone. They can also enter a Worktype and Reference Number that will be tagged to the file for the transcriptionist to see. When they're finished with a dictation, they can send it for transcription and begin a new one, or hang up to conclude their session.
3. DigiCloud's dictation files go to our DigiScribe transcription software that your transcriptionists will need to use to retrieve and play your dictations with foot pedal control of play/pause. Your transcriptionists can receive an email and/or text message alerting them to your new dictation.

### DigiCloud Membership:

DC-1, 1 User \$89 per year.  
DC-10, 10 Users \$128 per year.  
DC-25, 25 Users \$168 per year.

Upgrade your membership anytime.

### DigiCloud Usage Fee:

33¢ per minute.

DigiScribe Transcription Kit \$189.

If your transcriptionist already has an IN-USB-1 or -2 foot pedal and a headset, you may order just the DigiScribe software license key for \$75.
